## WORK EXPERIENCE

---

### Kleberg Bank

June 2019 – August 2024

*Software Developer*

*Corpus Christi, TX*

- Consulted with clients from a third-party bank to integrate our rewards platform, resulting in increased customer engagement and satisfaction.
- Implemented new features on in-house desktop and web applications utilizing .NET Core, C#, Entity Framework Core, and Blazor.
- Refactored and maintained existing code modules for improved performance and scalability.
- Designed, developed, and maintained SQL databases and SSIS packages.
- Utilized Python to integrate a third-party SDK and create an online banking enrollment system, streamlining the account creation process for customers.
- Served as a mentor to junior team members, providing guidance and support in understanding the applications we worked on and helping them to develop their skills.
- Collaborated with team members to identify and resolve bugs, and to plan and implement new features.

### Bina Computer Vision Lab

March 2018 – May 2019

*Research Assistant*

*Corpus Christi, TX*

- Developed a fall detection system using TensorFlow, designed to be deployed in hospital settings.
- This involved designing and training a deep learning model using real-world data and optimizing it for high accuracy in detecting falls.
- Incorporated real-time video analysis and signal processing to improve the accuracy and speed of fall detection.

### Department of Math & Stats

Nov. 2018 – May 2019

*Teaching Assistant*

*Corpus Christi, TX*

- Served as a teaching assistant for a mathematics course, responsible for grading homework, labs, and programming assignments.
- Provided prompt and professional assistance to students via email, addressing their concerns and questions and relaying important information to the professor as necessary.
- Demonstrated strong communication and interpersonal skills, as well as a deep understanding of the course material and grading criteria.

## EDUCATION

---

### Texas A&M University - Corpus Christi

May, 2019

*Bachelor Of Science, Computer Science - Systems Programming*

*Corpus Christi, TX*
