PROFESSIONAL PROFILE

SAP BASIS Consultant with over 3 years of experience in enterprise system administration, SAP HANA, and S/4HANA upgrades. Skilled in system performance tuning, automation, and database management. Currently pursuing a master's in information systems with a focus on cloud integration and enterprise technologies. Certified in SAP HANA and Azure Fundamentals.

WORK EXPERIENCE

Cognizant Technology Solutions - SAP BASIS Consultant

Dec 2020 – May 2023 | Bangalore, India

Client: SAP SE, Walldorf, Germany

SAP Basis Consultant

Dec 2022 – May 2023

- Automated SAP Host Agent monitoring processes, reducing manual administrative workload and improving operational efficiency by 25%.
- Led SHA functionality and regression testing, ensuring seamless integration with both SUM tools and SAP GUI.
- Developed technical documentation and onboarding guides, reducing new team member training time by nearly 40%.
- Conducted in-depth performance analysis and system tuning, significantly enhancing response times and application efficiency.
- Implemented custom shell scripts to streamline log management, enabling proactive monitoring and faster issue detection.

Programmer Analyst

Dec 2021 – Nov 2022

- Installed and configured 10+ SAP HANA 2.0 systems, including HANA Cockpit 2.0, enhancing monitoring efficiency and reducing system setup time by 30%.
- Led 5+ successful HANA database upgrades and 3 full S/4HANA conversions (1909, 2020) using SUM 2.0 and DMO, reducing upgrade time by 20% and eliminating downtime.
- Performed daily system monitoring and performance checks across 20+ HANA instances, achieving 99.9% system uptime and early detection of critical issues.
- Executed 7+ HANA database refreshes and managed HANA lifecycle operations (start/stop/restart), minimizing planned downtime to under 15 minutes per instance.
- Increased HANA table space efficiency by 25% through proactive space monitoring and extension using BRTOOLS.

Programmer Analyst Trainee

Dec 2020 – Nov 2021

- Installed and configured 15+ ABAP and JAVA systems using SWPM, including UDI setups, improving deployment consistency by 30%.
- Executed 8+ ERP system upgrades (ERP 6 EHP7 to EHP8, NW 7.50) using SUM 2.0 with advanced strategies like nZDM, ZDO, and Downtime Optimizer, achieving up to 40% reduction in downtime.
- Managed SAP ECC to S/4HANA conversions across 5+ environments (versions 1709, 1809, 1909, 2020, 2021, 2022), ensuring seamless transitions with zero post-migration rollback.
- Installed and upgraded Solution Manager 7.2 on Windows, and handled upgrades from SolMan 7.1 to 7.2, streamlining landscape monitoring across multiple clients.
- Installed Oracle 18c and upgraded environments from 12.1 to 18c, boosting performance and support compliance.
- Performed Oracle DB refreshes, backups, and recoveries, maintaining 100% data integrity.

EDUCATION

Master of Science (MS) in Information Systems and Technology

May 2025

University of North Texas, Denton, TX

GPA: 3.5

- Part time as a **Library Student Analyst** while studying at the university.

- Specialization:** Enterprise Systems & SAP Technologies with a focus on System Administration, Database Management, and Cloud Integration.

Bachelor of Technology (Btech) Electronics and Communication Engineering

Sept 2020

Jawaharlal Nehru Technology University, Hyderabad, TS

GPA: 3.3

SKILLS

ERP Systems: SAP ERP, SAP S/4HANA, SAP ECC, SAP Fiori, SAP SolMan, SAP NetWeaver 7.4/7.5

Programming & Scripting: ABAP, SQL, Python, Robot framework, XML, HTML/CSS, MATLAB

Data Management: SAP HANA, Oracle 12c/18c/19c, MS SQL Server, IBM DB2, NoSQL, MySQL

Miscellaneous Tools: SAP BusinessObjects, Tableau, Power BI, Git, JIRA

Operating Systems: Linux, Windows, Solaris, AIX

OTHERS

Certifications: SAP HANA Administrator (2024), SAP Sales & Distribution (2025), Microsoft Certified: Azure Fundamentals (2022).

Professional Development: Attended Cognizant's internal upskilling bootcamps on advanced SAP Basis, cloud integration.

Industry Contribution: Contributed technical documentation and SOPs for internal SAP Basis processes, improving efficiency and knowledge sharing across global teams.

Mentorship & Outreach: Supported students at the University of North Texas as a Library Student Analyst, assisting with tech queries and system access issues, Led peer training sessions on SAP HANA monitoring and S/4HANA upgrade procedures.
