

Pradeep Krishnegowda

Certified Scrum master/Product Owner(PSM I/PSPO I)-(L-2 Visa Holder)

Professional Summary:

I bring 7 years of experience as a Scrum Master and Product Owner at Siemens Technology & Services Pvt Ltd, Bangalore, where I have successfully led Agile teams and facilitated key Scrum ceremonies such as sprint planning, standups, retrospectives, and reviews. I specialize in fostering collaboration, driving continuous improvement, and ensuring the timely delivery of high-quality software solutions.

In addition to my Scrum expertise, I have 6 years of experience as a Software Tester at ABB, ZIV, and Electest, specializing in software quality testing and domain-specific solutions. I am skilled in designing and executing test plans, identifying and resolving bugs, and ensuring that all software products meet the highest quality standards.

Key Achievements:

- **Innovation Recognition:** Awarded a patent for a groundbreaking innovation, demonstrating creativity, technical expertise, and a strong ability to solve complex problems with innovative solutions.
- **Team Leadership Recognition:** Recognized for training developers and testers across the segment, significantly enhancing team dynamics, performance, and collaboration. This initiative contributed to improved productivity and smoother workflows across cross-functional teams.

Tools & Technologies:

- **Agile Project Management Tools:** Azure DevOps, Jira, Jazz, TMS and other tools for efficient sprint tracking, backlog management and team collaboration.
- **UI/UX Design Tools:** Figma, Balsamiq, Moqups, etc., for designing user interfaces and creating prototypes to enhance user experience.

Work Experience:

- **Associate Scrum Master & product owner**
Siemens Technology & Services Pvt Ltd, Bangalore (Jan 2018 – Jan 2025)
- **Executive Engineer-software Tester**
ZIV-Crompton Greaves Limited, India (Dec 2015 – Dec 2017)
- **Domain Tester**
Electest Sdn Bhd, Malaysia(Aug 2013 – Aug 2015)
- **Product Development & software Testing-Support Line**
ABB Limited, India(Apr 2011 – Jul 2013)

Skills:

- Agile best practices
- Stakeholder management
- User story creation
- Requirements gathering
- Backlog Grooming & Prioritization
- Project team coordination
- Coaching and mentoring
- Manual Testing Strategies
- Desktop, Web & Mobile Application Testing
- Idea development and brainstorming

Certifications:

- Professional Scrum Master (PSM I) – Scrum.org.
- ISTQB Certified Tester Foundation Level (CTFL)
- Professional Scrum Product Owner (PSPO I) – Scrum.org

Work History:

Scrum master & product owner :-

Key Responsibilities and Achievements:

- **Team Leadership & Mentorship:** Led an 8-member Scrum team, providing mentorship, conducting performance evaluations, and fostering professional growth to ensure high team morale and productivity.
- **Facilitated Scrum Ceremonies:** Effectively facilitated key Scrum ceremonies, including sprint planning, backlog grooming, daily scrums, sprint reviews, and retrospectives to ensure smooth and productive sprints.
- **Collaboration for Solution Definition:** Collaborated closely with product owners, team members, and technologists to define solutions, clarify requirements, and drive project progress.
- **Product Backlog Management:** Managed and prioritized the product backlog, ensuring that the team focused on delivering high-value features. Worked closely with stakeholders to refine user stories and ensure clarity of requirements.
- **Metrics Tracking:** Utilized Scrum metrics like velocity, burn-down charts, and cumulative flow diagrams to track team performance, predict future progress and identify areas for improvement.
- **Promoted Innovation:** Encouraged innovation within the team, resulting in the development of new features that significantly enhanced product value.
- **Cross-Team Collaboration:** Collaborated with 3 Scrum teams on the development of the Powerconfig project, encompassing both desktop and mobile applications.
- **Agile Transformation Leadership:** Successfully led teams through smooth transitions from traditional waterfall methodologies to Agile frameworks, resulting in improved efficiency, collaboration, and business outcomes.
- **Strong SDLC & STLC Knowledge:** Possess a deep understanding of the Software Development Life Cycle (SDLC) and Software Testing Life Cycle (STLC), ensuring efficient product delivery.
- **Customer Care & Support:** Actively participated in customer care meetings to address and resolve field defects, providing continuous support to customers and ensuring high product satisfaction.
- **Stakeholder Collaboration:** Worked closely with stakeholders, including project managers, engineering teams, marketing and R&D, to ensure alignment and effective product development and deployment.
- **Training and Mentoring:** Mentored and trained junior Scrum Masters, team members and stakeholders on agile practices and the Scrum framework, fostering a culture of continuous learning.
- **Collaboration with Other Scrum Masters:** Collaborated with other Scrum Masters across teams to ensure alignment, share best practices and promote cross-team collaboration, enhancing overall team efficiency and cohesion.
- **Providing Feedback:** Offered regular, constructive feedback to team members and management to ensure the Scrum process was continuously refined and working effectively, promoting transparency and growth.

Education:

Bachelor of Engineering in Electronics and Communications Engineering-May 2010

Sambhram Institute of Technology, Bangalore, India

Diploma in Electronics and Communications Engineering-June 2007

Acharya Polytechnic, Bangalore, India

Class 10th-May 2004

Bhavasara English School, Bangalore, India

Software Tester:-

Key Responsibilities and Achievements:

- **Test Plan Creation & Execution:** Designed and executed comprehensive test plans for new features and regression testing, ensuring high-quality software releases.
- **Bug Identification & Product Performance:** Identified critical bugs through thorough testing, enhancing the overall performance of iOS and Android applications across multiple browsers and devices.
- **Efficiency Improvement:** Reduced testing time by 20% by implementing a risk-based testing approach and optimizing test coverage.
- **Team Leadership & Mentorship:** Led a team of 5 testers, providing mentorship, conducting performance evaluations and fostering professional development.
- **Training & Best Practices:** Conducted training sessions on manual testing best practices and tools, enhancing team skills and testing efficiency.
- **Usability Testing & Product Feedback:** Participated in usability testing sessions, offering valuable insights for product improvements and user experience enhancements.
- **Collaboration with Cross-Functional Teams:** Worked closely with UX designers and developers to improve app usability and accessibility, ensuring seamless user experiences.
- **Cross-Team Coordination:** Collaborated with cross-functional teams to define acceptance criteria, ensuring clear communication and adherence to quality standards.
- **Manual Testing for Mobile Applications:** Performed comprehensive manual testing for iOS and Android applications across multiple browsers and devices to ensure functionality and quality.
