

RAMEEZ SHAMSI

Sr. Software Engineer | C#/.NET Core Specialist

RICHARDSON, TX 75081 | Email: shamirameez43@gmail.com | Phone: (323) 886-6345

LinkedIn: <https://www.linkedin.com/in/rameez22/>

SUMMARY

Passionate, responsible and committed web developer, with a get-it-done, on-time spirit, and more than 9 years of experience in implementing and adapting technically sophisticated online web applications using .NET Core and C# technologies.

EDUCATION

Bachelor of Science in Computer Engineering

Graduation: Sep 2014

[University of North Texas](#)

GPA: 3.15 / 4

EXPERIENCE

Sr. Software Development Engineer.....Oct 2022 – Apr 2025

[Travelport](#). Full time

[Atlanta, GA](#)

- Collaborated with cross-functional teams including Estimation, Project Management, Product Development, and Quality Analysis to analyze business specifications and deliver technical solutions within project deadlines.
- Led both individual and team initiatives involving the design, development, testing, debugging, and documentation of complex software programs for the travel and tourism industry using C#.
- Designed and developed intuitive, responsive front-end user interfaces using HTML, CSS, Bootstrap, and JavaScript to enhance user experience.
- Engineered robust database structures using SQL Server, including the creation of stored procedures, user-defined functions, and highly optimized complex SQL queries to improve data performance.
- Identified and remediated security and performance vulnerabilities by addressing Fortify scan results, effectively resolving numerous Critical and High risk issues to ensure application security and optimization.
- Utilized Jira to plan, manage, and track Agile software development projects, contributing to efficient workflow management and delivery.

Application Specialist & C# | .NET & .NET Core.....Jan 2021 – Sep 2022

[AIB Event Management, Inc.](#) Contract

[Dallas, TX](#)

- Conduct both individual and team projects consisting of designing, coding, testing, documenting, and debugging convoluted programs for Life insurance products written in C++ are converted to C# to replace outdated applications on older platforms that can no longer be supported
- Design and Development Back-end side and front-end interface by Angular 11, React, Bootstrap, .NET core, .NET 6, Entity frameworks.
- Design/Create web pages and website using established development tools, including but not limited to ASP.NET MVC, ASP.NET Web Forms, SQL Server, and C#/VB.NET using Visual Studio.
- Work on cloud platforms Like AWS and Azure. Use AWS Lambda, AWS EC2, S3, Azure Ci/CD, Azure DevOps, Azure SQL, Azure Rest API's, Azure Blob Storage for storing larger files, Azure Key-Vault, and Azure Boards etc.
- Build an authorization server and enable a client credentials workflow using Identity Server in .NET Core applications.

C# Developer & Back-end Developer.....Jul 2017 – Dec 2020

[Tata Consultancy Services](#), Full Time

[San Antonio, TX](#)

- Design/Create web pages and website using established development tools, including but not limited to ASP.NET, SQL Server, HTML, CSS, JavaScript, and C#/VB.NET.

- Involved in full development life-cycle using OOP concepts and agile methodologies.
- Involved in creating Database Objects like Store Procedures, view, function, tables and Triggers etc.
- Maintain production in Azure and config CI/CD.
- Use many Rest-APIs like Google API's, Azure Rest-API's, Many SMS service API's, Microsoft API's etc....

.NET Developer

Dec 2014 – Jun 2017

SMS Info COMM, Corp, Contract

Grapevine, TX

- Troubleshoot and resolved bugs in .NET applications to ensure optimal development environment.
- Responsible to perform the analysis for various enhancements, perform impact analysis to find out the systems/programs that could be potentially affected by proposed change(s), coding, and testing and implementation activities
- Work on different applications like Financial, Radio Station, E-Commerce, Form-Builder etc.
