

Akhror Abduvaliev

Glendale Heights, IL • (717) 821-1069 • abduvaliev@gmail.com • [LinkedIn](#)

Summary

Senior Software Developer with 10+ years of experience designing and delivering enterprise-grade applications using Microsoft .NET technologies and Azure cloud services. Proven expertise in full-stack development, microservices, and modern architectures. Recognized for building scalable, secure, and high-performance solutions, mentoring engineers and driving innovation through code quality and automation.

Core Skills

Languages & Frameworks: C#, .NET Core, ASP.NET, WPF, WinForms, Blazor, Entity Framework Core, LINQ
Frontend: HTML, CSS, JavaScript, Angular, Razor Pages, .NET MAUI, React Native
Databases: SQL Server, PostgreSQL, Oracle, Couchbase
Cloud & DevOps: Azure (DevOps, API Management, Blob Storage, App Service), AWS, Google Cloud, Acquia, Docker, CI/CD, GitHub, Jenkins
Architectural Expertise: RESTful APIs, gRPC, SignalR, Microservices, DDD, SOLID, MVC/MVVM
Tools: Jira, Postman, Swagger, Redis, Kafka, GitHub, Slack, MS Teams, MS Office, Firebase, Google Analytics, Plotly, Power BI, Splunk
Hands-on experience: Python, Java, C++, R, VB6.

Professional Experience

Employer: Techvertica Solutions

Position: Lead Developer

Location: Glendale Heights, IL, USA

Job Period: Since March 2025

- Leading development and maintenance of hotel management system using C#, ASP.NET MVC and SQL Server.
- Managing project tasks for mobile .NET Xamarin applications.

Employer: UNICEF

Position: Senior Software Developer

Location: Glendale Heights, IL, USA

Job Period: Nov 2021 - March 2025

- Led design and development of mobile and web applications using C# and React Native. Developed AI chatbot & trained the model. Executed complex SQL queries.
- Performed technical assessment to legacy projects, websites using C#, .NET, Python, HTML, CSS, JavaScript, React Native and Firebase. Applied coding best practices.

- Managed Azure deployments including CI/CD pipelines, API Management, App Service, and Blob Storage.
- Developed and published interactive Power BI dashboards for executive reporting.
- Implemented project planning, architectural design, code reviews, documentation, UAT and deployment. Interviewed and mentored new hires.

Employer: Infosys

Position: Technology Lead

Location: Lisle, IL, USA

Job Period: Jan 2020 – July 2021

- Developed .Net Core, C# APIs using microservices architecture on AWS cloud environment. Worked with Kafka, ActiveMQ, Redis and Couchbase using N1QL queries for United Airlines.
- Developed a trading platform using C# .NET Blazor, PostgreSQL, DB browser for SQLite and Azure DevOps. Built GRPC web services for British Petroleum.
- Implemented dashboards using Plotly, Python and R languages. Conducted API testing with Swagger and Postman ensuring seamless data exchange. Automated tasks using Stone Branch & Splunk.

Employer: Techvertica Solutions

Position: Full Stack Developer

Location: Kansas City, MO, USA

Job Period: Nov 2017 – Jan 2020

- Developed high-performance .NET Core Web APIs and Angular SPA applications.
- Managed development of hotel management system using C# and ASP.NET MVC.
- Enhanced user experience with modern UI components and optimized SQL queries.

Employer: Oracle (Cerner Corporation)

Position: Software Engineer

Location: Kansas City, MO, USA

Job Period: Jan 2014 – Oct 2017

- Developed pharmacy solutions using C#, WPF, WinForms, Entity Framework, LINQ, SQL databases, Jira, Jenkins, MVVM design pattern in the healthcare domain.
- Increased code quality through mentoring, code reviews, and unit testing.
- Provided onboarding training and technical guidance to junior engineers.

Employer: Cavalier Workforce Inc

Position: Programmer Analyst

Location: Jersey City, NJ, USA

Job Period: Oct 2012 – Dec 2013

- Built applications using authentication, authorization, WPF, LINQ, Entity Framework, and XAML. Implemented MVVM architecture and reusable UI components.
- Created database tables and complex SQL queries using SQL Server.

Projects

- E-Commerce Application: Built and customized a full-featured NopCommerce-based store using C# and SQL Server.
- C# ASP.NET website for trucking company.

Education

School: Tashkent University of Information Technologies

Degree: Master's in Applied Informatics

Graduated: 06/08/2010

School: Tashkent University of Information Technologies

Degree: Bachelor's in Information Technologies

Graduated: 06/12/2008

School: C-DAC

Degree: Certified Software Engineer

Graduated: 02/20/2007

Awards

- Certificate of Leadership Development – Toastmasters International
- Stipendium for Endowment Students – Fund Forum
- Beruniy Scholarship – Ministry of Education.
