PROFESSIONAL SUMMARY

Knowledgeable SAP Consultant with experience in SAP implementation projects, associated with business process reengineering inside small, middle and large companies. Your experience is constituted of 25+ years of professional works, being as a Programming Teacher, System Analyst and 20+ years as a SAP ABAP Developer, essentially and as a team leader in some partnership employers. With knowledge on the different SAP areas, specially at MM, SD and FI. I would be a plus in any SAP Project being a implementation, pos-golive or AMS. Associated to this, I keep an important experience in roll out projects, including in projects for all Latin and Central America and United States. I had a fantastic international professional experience during the 5 year that stayed as a International Civil Servant in the United Nations. One of my jobs was analyze and propose a solution for the Cost of Administration Fee(COA) to the UN Agency. And about the SAP Licenses I brought about US\$ 400K savings to UN.
