Professional Summary

SAP ABAP Technical Consultant with 9 years of experience delivering scalable, high-performance SAP solutions across HR, MM, FI, and SD modules. Expert in Reports, Interfaces, Conversions (R/I/C), Enhancements (BADIs, User Exits), OOABAP (Global & Local Classes), Function Module Development (SE37), Dialog Programming (SE51), Menu Painter (SE41), Data Dictionary (SE11), Program Development (SE38), and Forms (SAPscript, SmartForms, Adobe Forms). Proven track record in optimizing performance, automating business processes, and enabling seamless module integrations.

Core Competencies

- Reports: Classical, Interactive, ALV | Interfaces: ALE/IDoc, BAPI.
- Conversions: LSMW, BDC, BAPI | Enhancements: BADIs, User Exits, Enhancement Framework
- OOABAP: Global & Local Classes, Methods, Inheritance, Events
- Programming: SE11, SE37 (Function Builder), SE38, SE80, SE51 (Screen Painter), SE41 (Menu Painter)
- Forms: SAPscript, SmartForms, Adobe Forms.

Professional Experience

Incom Technologies, USA – SAP ABAP Consultant (Mar 2023 – Jan 2024)

- Developed custom reports using ALV and classical reporting techniques to meet client specific requirements.
- Enhanced standard SAP applications using User Exits, BADI, and Enhancement Points to incorporate custom logic.
- Designed and implemented BAPIs and RFC-enabled function modules to facilitate SAP and third-party integration.
- Created smart forms and SAP scripts for invoice printing, purchase orders, and delivery notes.
- Executed data migration via BDC and LSMW for master and transactional data.
- Built custom function modules and reusable objects to improve code reusability.

- Partnered with functional teams to gather requirements, write technical specs, and deliver solutions.
- Participated in code reviews, unit testing, and transport management across SAP landscapes.
- Delivered post-go-live support for custom enhancements and issue resolutions.
- Created SmartForms and Adobe Forms for employee letters, invoices, and statutory compliance documents.
- Designed custom dialog screens (SE51) and menu navigation (SE41) for HR data maintenance workflows.
- Developed and optimized reusable function modules (SE37) for payroll data extraction and OM structure updates.
- Integrated HR module with third-party applications using BAPI.

Bajaj Allianz Life Insurance Company – SAP ABAP Consultant (Mar 2020 – Nov 2022)

- Built payroll and employee master data interfaces using BAPI, RFC, IDoc, and custom SE37 function modules for secure data exchange.
- Developed ALV-based payroll reconciliation reports, reducing manual validation time by 50%.
- Created LSMW programs for mass hiring actions, updating personal data and addresses in PA30.
- Customized SmartForms and Adobe Forms for offer letters, confirmation letters, and statutory compliance reports.
- Implemented BADIs for payroll calculation enhancements and PA30 action validations.
- Enhanced OM and PA integration to ensure accurate reporting structures during hiring and separation processes.

Electronics Corporation of India Limited – Consultant (Mar 2017 – Mar 2020)

- Designed interactive dialog programs (SE51) and menu structures (SE41) for MM and HR workflows.
- Developed optimized ALV reports with performance improvements using OOABAP techniques.

- Built custom SE37 function modules for vendor payment processing and HR master data retrieval.
- Performed data migrations using BDC and LSMW for HR and MM master data.

Electronics Corporation of India Limited – Apprentice (Mar 2018 – Mar 2019)

- Created SmartForms and SAPscript templates for procurement orders and HR communications.
- Developed classical and ALV reports for inventory, vendor management, and HR employee listings.
- Worked on SE11 Data Dictionary enhancements and minor ABAP fixes for MM transactions.

Electronics Corporation of India Limited – Intern (May 2016 – Aug 2016)

- Assisted senior ABAP developers in creating and testing MM and HR module reports.
- Gained hands-on experience with SE38, SE11, and debugging techniques.

Education & Certification

Bachelor of Technology in Computer Science Engineering
 Geethanjali College of Engineering and Technology, Hyderabad (2013 – 2017)
 Percentage: 68.1%
