Professional Experience

Java Full Stack Developer Intern

TechNova Solutions, Indianapolis, IN

June 2023 – December 2023

- Collaborated with senior developers to build a web-based inventory management system using Spring Boot and React.
- Developed RESTful APIs and integrated them with front-end components.
- Implemented authentication and authorization using Spring Security and JWT.
- Participated in daily Scrum meetings, sprint planning, and code reviews.

Freelance Web Developer

Remote

January 2023 – May 2023

- Built responsive websites for small businesses using React.js and Node.js.
- Created REST APIs for real-time product listings and booking systems.
- Worked directly with clients to gather requirements and deliver timely updates.

Education

Bachelor of Science in Computer Science

Indiana University – Purdue University Indianapolis (IUPUI), IN

Graduated: May 2023

Certifications

- Java Programming Masterclass – Udemy
- Full Stack Web Development with React & Spring Boot – Coursera
- AWS Certified Cloud Practitioner (In Progress)

Projects

Online Bookstore Application

- Developed a full-stack web application using Spring Boot (backend) and React.js (frontend).
- Enabled user registration, login, browsing, cart management, and order processing.
- Deployed on AWS EC2 and connected to an RDS MySQL instance.

Portfolio Website

- Created a personal developer portfolio using HTML, CSS, and JavaScript to showcase projects and skills.
- Integrated contact forms and hosted the site on GitHub Pages.
