PROFESSIONAL SUMMARY

Dynamic and results-oriented Business Analyst and Product Owner with over 10 years' experience in Agile methodologies, risk mitigation, requirements analysis, processor optimization and stakeholder communication. Adept at leading cross-functional teams, streamlining workflows, and aligning business goals with technology solutions using strong communication and analytical skills. Proven track record of delivering complex projects on time and within scope.

PROFESSIONAL EXPERIENCE

Senior Business Analyst

Nationwide Children's Hospital | Columbus, Ohio | January 2023 – Present

- Defined and documented business requirements, user stories, and product backlogs to guide development teams.
- Conducted gap analyses and proposed innovative solutions to enhance system performance and align with organizational goals.
- Designed and implemented Smartsheet blueprints to optimize project management touchpoints and created dashboards for transparent progress tracking.
- Communicated project status, risks, and deliverables effectively to stakeholders at all organizational levels.
- Facilitated daily stand-up calls, resolving blockers swiftly and maintaining project momentum, leading to a 20% increase in on-time project delivery

Key Achievements:

- Improved project tracking through Control Center optimization, enabling streamlined reporting and decision-making. This has led to a 15% increase in project delivery due to improved reporting tools.
- Developed web-based project reporting tools to enhance key metric visibility and goal alignment, leading to a 12% reduction in technical debt.

Senior Business Analyst

Jamfex Investments | Brisbane Australia | January 2021 – December 2022

- Successfully led the implementation of an Investment Policy Statement (IPS) Tool, ensuring alignment with business needs.
- Created and prioritized user stories and requirements, maintaining a robust product backlog.

- Directed user acceptance testing (UAT), collaborating with development teams and stakeholders for seamless solution deployment.
- Facilitated daily stand-ups and sprint planning to ensure timely delivery of milestones.

Key Achievements:

- Delivered high-quality products by designing test plans and scripts that minimized implementation risks.
- Enhanced business workflows through detailed documentation and process improvements.

Project Manager

Greenbay Ltd | Brisbane, Australia | February 2016 – December 2020

- Spearheaded Agile transformations, driving the transition from Waterfall to Agile methodologies across teams.
- Organized and facilitated key Agile ceremonies, including sprint planning, stand-ups, and retrospectives.
- Established performance metrics, improving transparency by 80% and ensuring data-driven project decisions.
- Provided leadership and strategic direction to cross-functional teams, ensuring alignment on goals and schedules.

Key Achievements:

- Increased stakeholder satisfaction by delivering projects within defined timelines and budgets.
- Enhanced reporting processes, enabling clear communication of risks, dependencies, and progress.

IT Service Delivery Team Leader & Product Owner

Incitec Pivot Ltd | Brisbane, Australia | January 2013 – November 2015

- Designed and implemented a global ITSM solution encompassing incident, problem, and change management processes.
- Enhanced service delivery satisfaction from 62% to 97% by introducing performance measures and ITIL best practices.
- Managed the product backlog and prioritized implementation projects to ensure alignment with business objectives.
- Led pilot reviews of new technologies, ensuring solutions met business needs through user feedback and testing.
