Experience

Business Systems Analyst **Jul 2019 to Oct 2023**

Epiq Systems via VanderHouwen & Associates, Inc – Beaverton, OR

- Prepared technical requirements for reporting and database updates in a format that both the client and the SQL developer could understand.
- Performed pre- and post-production reviews of reporting and database updates to ensure quality and accuracy.
- Conducted meetings with project managers and client services to gather and analyze customer requirements.

Business Intelligence Analyst **Jan 2015 to Feb 2019**

Seterus, Inc – Beaverton, OR

- Developed and performed quality assurance testing for reporting through SQL and SSRS.
- Created both ad hoc and long-term reporting through SQL, and managed updates to existing reports.
- Provided design and development input for letter templates and performed user acceptance testing to ensure quality and accuracy prior to mailing to customers.
- Conducted meetings with project managers and legal services to gather and analyze state and federal requirements.
- Developed business processes to ensure compliance with state rules and regulations and assisted with maintaining these processes.

Payoff Specialist **Jul 2011 to Jan 2015**

Seterus, Inc via Adecco Staffing – Beaverton, OR

- Prepared and performed quality control testing for quotes of payoff figures for mortgages.
- Organized and implemented workflow changes in order to increase overall efficiency within the department.
- Managed workflow of the payoff department and reduced average turnaround time to 1-2 business days.
- Performed user acceptance testing of letter template changes to ensure quality and accuracy prior to mailing to customers.

Claims Analyst **Mar 2011 to Jun 2011**

Epiq Systems via Adecco Staffing – Beaverton, OR

- Reviewed legal documents and made informed decisions on a case by case basis to determine eligibility to receive legal compensation.
