WORK EXPERIENCE

Almosafer

Mar. 2019 – Present

Senior Frontend Developer
Dubai, UAE

- Developed and maintained React.js and Next.js applications, ensuring high performance and scalability.
- Migrated the entire hotel application to React Hooks, improving state management and performance.
- Led the migration of a large B2B application to Next.js, enhancing SEO and server-side rendering.
- Built and optimized B2B & B2C applications with a strong focus on user experience and accessibility.
- Worked with Progressive Web Apps (PWA) to enhance offline capabilities.
- Conducted code reviews to maintain high-quality, scalable, and maintainable code.
- Integrated Google Analytics & A/B testing to track user behavior and improve engagement.
- Collaborated with backend teams for seamless API integration.
- Worked closely with UX designers to translate designs into pixel-perfect interfaces.

Tech Stack: JavaScript (React, Next, Typescript), MUI, Redux, MobX

Sage

Sep. 2021 – Sep. 2022

Frontend Developer
Remote, USA

- Developed and maintain core features for Sage's React-based PWA, improving user experience across mobile and desktop devices.
- Used Redux for robust state management and MUI (Material-UI) for consistent, accessible UI components.
- Collaborated closely with product and design teams to implement user-friendly interfaces aligned with brand and UX guidelines.
- Actively contributed to the early-stage architecture, ensuring scalability and performance from the ground up.
- Identified and fixed critical bugs, enhancing platform stability and reducing user friction.
- Ensured cross-browser and device compatibility through responsive design and thorough testing.

Tech Stack: React, Redux, Typescript, MUI

Tajawal

May. 2018 – Feb. 2019

Frontend Developer
Dubai, UAE

- Assisted in developing and maintaining responsive web applications using React.js.
- Integrated RESTful APIs, ensuring seamless data flow between frontend and backend.
- Managed application state using Redux, contributing to an efficient and maintainable codebase.
- Participated in code reviews and applied feedback to improve code quality.
- Conducted debugging and testing across multiple browsers and devices for optimal functionality.

Tech Stack: React, MUI
