

# ADITI PHALSWAL

## UI/UX DESIGNER

551-247-6610 | Manhattan, NY | [aditi.phalswal516@gmail.com](mailto:aditi.phalswal516@gmail.com) | [LinkedIn](#) | [Portfolio](#)

### PROFESSIONAL EXPERIENCE

#### UI/UX Research Assistant (Mar 2024 - Present)

New York Institute of Technology

- Redesigned the Degree Search feature, improving discoverability for 5,000+ prospective students monthly and reducing search time by 15 percent through usability testing with 20+ participants and faculty feedback.
- Contributed to the design of the Student & Alumni Directory Web Portal for NYIT's graduate program, which helped enhance usability with intuitive navigation and accessibility features, including WCAG-compliant contrast, scalable text, and keyboard-friendly interactions.
- Developed wireframes, user flows, and interaction models in Figma while conducting user research and heatmap analysis for the Virtual Campus Tour to identify user pain points and refine navigation to enhance engagement.

#### Product Designer (Nov 2022 - Dec 2023)

MetaStart

- Designed an end-to-end website for MetaStart by creating a futuristic, engaging design aligned with the brand vision, leading to a 21 percent increase in appointment bookings within the first three months.
- Collaborated with developers to implement the design, assisting with HTML/CSS adjustments for visual consistency and responsiveness, while developing user flows and structuring information architecture to optimize navigation and content discoverability. Created prototypes and conducted usability testing to refine the experience.

#### UI/UX Designer (Sep 2021 - Oct 2022)

Up Strength

- Designed the full website, leading to a 7% rise in pre-launch signups; conducted in-depth market research and usability testing with 20+ users to shape an intuitive shopping experience.
- Collaborated with engineers and product managers to ensure scalable design, using insights from personas, journey maps, and interaction models.

### PROJECTS

#### Enhancing User Experience in Food Delivery: Preventing Address and Order Errors (Jan 2025 - Present)

- Master's thesis project that focuses on enhancing Uber Eats' user experience by preventing accidental errors in wrong address deliveries and incorrect order placements to resolve customer frustration.
- Performed user interviews, created journey maps, designed and prototyped interactive solutions using Figma.

#### Improving User Interface for National General Insurance Website (Dec 2024)

- Created a conceptual design of the "Find an Agent" and "Get a Quote" flows to remedy usability issues and complex interactions present on the current site.
- Focused on identifying pain points, streamlined task flows, and reduced cognitive friction to improve UI/UX.

### EDUCATION

#### Master in UX/UX Design & Development (2024 - 2025)

New York Institute of Technology

#### Bachelors in Visual Arts (Animation & Multimedia) (2018 - 2022)

Vogue Institute Of Art and Design

### TECHNICAL SKILLS

**Design:** UI/UX Design, Mobile and Web Design, Responsive Design, Creative Problem Solving, Human-computer Interaction, User Research, Comparative Analysis, Heuristic Evaluation, Journey Mapping, Storyboarding, Wireframing, Mockups, Prototyping, Information Architecture, Systems Thinking, Design Thinking, User Centered Design, Usability and Accessibility (WCAG) , Physical Computing, Agile Methodology, User Testing, A/B testing, Graphic Design, Illustration

**Tools:** Figma, Adobe XD, Illustrator, Primer Pro, Maya, Flash, HTML, CSS, Microsoft Power Apps, React.js, Notion

**Product:** Product Strategy, Product Management, Product Design, Storytelling, Empathy, Service Design, E-commerce
