

Eve Stockstill

UI Developer | Certified Salesforce User Experience Designer

Innovative Salesforce UI Developer with expertise in crafting visually engaging, user-centric designs, responsive layouts, and accessible interfaces. Experienced in end-to-end design processes, responsive design, quality assurance testing, and customizing Salesforce components for both desktop and mobile environments. Proven ability to collaborate effectively across teams to deliver visually appealing and user-friendly interfaces.

WORK EXPERIENCE

UI Salesforce Developer

Yudrio | Aug 2024 – Current

- UX/UI lead on government project. Assessment of current government form and analyst for improvement.
- Design for Section 508 Standards and Web Content Accessibility Guidelines
- Process mapping and personas
- Create design library in fedRamp Adobe XD

UI/UX Designer and Salesforce Developer

OSF Digital | July 2021 – Aug 2024

- Led end-to-end design projects, from concept to implementation, delivering visually engaging and user-friendly interfaces for Salesforce platforms.
- Performed comprehensive quality assurance testing, ensuring data accuracy, functionality, and a seamless user experience.
- Customized and styled both out-of-the-box Salesforce components for Aura and LWR sites.
- Designed and tested the **Flexcare Mobile App** on Salesforce Mobile Publisher, ensuring responsiveness and ease of use.
- Conducted x-ray testing for enhanced functionality and compliance.

UI/UX Designer and Salesforce Developer

Paladin group | Nov 2020 – July 2021

- Collaborated closely with backend developers to integrate front-end designs, achieving a cohesive user experience.
- Worked with product managers and stakeholders to gather requirements, define project goals, and deliver designs aligned with business objectives.
- Designed intuitive user interfaces, emphasizing seamless interaction and visual appeal.
- Enhanced Salesforce Community sites by implementing responsive and accessible designs.

KEY PROJECTS

Flexcare Mobile App

- Designed and tested a mobile healthcare application using Salesforce Mobile Publisher, focusing on responsive navigation and intuitive workflows.
- Created design system for figma mockups and successfully translated to CSS global stylesheet.
- Delivered custom CSS to Okta MFA to ensure design consistency.

Rayonier Hunting

- Designed an intuitive dashboard using CMS collections for client flexibility, allowing content updates without development dependencies.
- Developed custom article detail pages with knowledge tags, enabling unique hero images for articles, managed entirely through Experience Builder.

Custom Email Templates

- Developed a suite of branded HTML email templates, streamlining client communication and improving open rates.
- Ensured cross-device compatibility with responsive design principles.

SKILLS & TOOLS

- HTML, CSS3 (Grid, Flexbox, Animations), JavaScript

- Version Control (Git), End-to-End Testing (Jest, X-ray)
- Wireframing and Prototyping (Figma, Sketch, XD)
- Salesforce Experience Builder
- Salesforce Mobile Publisher
- Aura Components and LWR Sites
- Custom LWC and SLDS (Salesforce Lightning Design System)
- Web Accessibility (Section 508, WCAG)
