

PRATHAMESH GUDADHE

Network Engineer

+91- 7219034309 Prathameshmcl@gmail.com Prathamesh Gudadhe India

SUMMARY

As an experienced cybersecurity professional, I have a strong background in protecting systems, networks, and data from potential threats and vulnerabilities. With expertise in threat analysis, risk management, and implementing security protocols, I have successfully helped organizations mitigate cyber risks and ensure the integrity of their digital environments. I am proficient in a range of security tools and technologies, including firewalls, intrusion detection systems (IDS), encryption methods, and security monitoring platforms. With a focus on continuous learning, I stay up to date on emerging trends in cybersecurity, making me well-equipped to proactively address new challenges. I am eager to bring my skills in security architecture, incident response, and risk assessment to contribute to the success of your organization's security posture.

EXPERIENCE

Network Engineer

WIPRO

10/2023 - 02/2025 India

Leading company in IT services and consulting.

- Designed, deployed, and supported Enterprise Versa SD-WAN and SDN solutions for the Comcast project, enhancing network reliability and performance.
- Configured, managed, and troubleshoot SD-WAN devices from Cisco, Juniper, and Advantech to ensure optimal functionality.
- Managed SD-WAN appliances and edge devices, achieving a 20% reduction in network downtime through secure connectivity for branch offices and remote locations.
- Utilized SD-WAN controllers for centralized management and policy enforcement, improving overall network management efficiency.
- Hands-on experience with Cisco ISR 4000 series, Advantech SD-WAN uCPE, and Juniper SRX 300/ACX 1100 series, Ciena devices.

SKILLS

BMC Remedy	Burp Suite	Cisco	Cisco Routers	
Configuration	Cybersecurity	EDR	firewalls	IDS
IDS/IPS	Java	Juniper	network security	Nmap
OWASP	Putty	Routing	SDN	sd-wan
SecureCRT	Security Operations	ServiceNow	SIEM	
Splunk	WAN	Wireshark		

EDUCATION

B.E.

Yeshwantrao Chavhan College of Engineering

08/2019 - 05/2023 India

STRENGTHS

- Critical Thinking**
Ability to think critically and solve complex problems.
- Analytical Skills**
Strong analytical skills to assess and improve systems.
- Attention to Detail**
Demonstrates attention to detail in all projects.
- Team Collaboration**
Collaborative approach to team projects.
- Effective Communication**
Effective communication skills with technical and non-technical stakeholders.
- Quick Learning**
Quick learning ability for new technologies and systems.
- Adaptability**
Adaptable to new challenges and environments.

CERTIFICATION

- CND**
Certified Network Defender from EC-Council
- CEHv12**
Certified Ethical Hacker version 12 from EC-Council
- CSCU**
Secure Computer User version 2 from EC-Council

TRAINING / COURSES

- CCNP**
From Imedia
- CCNA**
From Imedita

EDUCATION

HSC

Prerna Junior College

01/2017 - 05/2019 India

SSC

Mount Carmel School

01/2012 - 05/2017 India
