

Sai Varma

Data Engineer | DevOps Integration

saivarma1506@gmail.com | +1 7042585006 | Charlotte, NC

Summary

- 5 years of experience in **cloud-based ETL pipelines** (Azure Data Factory, AWS Glue) and **DevOps automation** (Jenkins, Docker, Kubernetes) for deploying scalable analytics systems.
- Proficient in **CI/CD pipeline design** (Azure DevOps, Airflow) and scripting (Python, Bash) to streamline workflows and reduce deployment cycles by **40%**.
- Modernized legacy systems via **Terraform** and containerization (Docker), ensuring high availability and cost efficiency.

Skills

Programming Languages	Python, Java, SQL, Scala, Unix, Shell Scripting
DevOps Tools	Jenkins, Docker, Kubernetes, Terraform, Azure DevOps, AWS CodePipeline
Cloud Platforms	Azure (Data Factory, DevOps, VMs), AWS (Glue, EMR, Lambda, S3)
CI/CD & Automation	Apache Airflow, GitHub, GitLab, Jira, Cron
Databases	PostgreSQL, Redshift, MySQL, Azure SQL, MongoDB

Experience

ASSURANT | Senior Data Engineer

USA | Jan 2023 – Current

1. Designed scalable ETL pipelines in **Azure Data Factory**, integrating **Jenkins** for CI/CD automation, reducing deployment cycles by **40%**.
2. Optimized PostgreSQL queries with indexing, cutting dashboard load time by **25%**.
3. Cleaned/transformed 50GB+ insurance data in **Azure Databricks PySpark**, resolving schema mismatches to boost risk-model precision by **25%**.
4. Integrated Type 2 SCD in Azure Databricks for historical policyholder tracking, enabling fraud detection.
5. Built real-time pipelines with **Azure Event Hubs** and **Kubernetes**-orchestrated Stream Analytics, improving customer segmentation accuracy by **20%**.
6. Developed Power BI dashboards connected to PostgreSQL/ADLS, cutting manual reporting efforts by **40%**.
7. Enhanced data quality by **15%** using Python scripts and **Azure Purview** for lineage tracking.
8. Automated workflows in **Azure DevOps** and Logic Apps, reducing manual tasks by **40%**.
9. Partnered with data scientists to design star-schema models in PostgreSQL, enabling revenue-driving pricing strategies.
10. Debugged Python-based APIs with development teams, reducing latency by **20%**.

FINANCEBOX | Data Engineer

Hyderabad, India | JUN 2020 – NOV 2021

1. Built AWS Glue/PySpark pipelines on **Amazon EMR** to process 100GB+/day retail data, cutting errors by **15%**.
2. Optimized Redshift with **distkey/sortkey** and partitioning, speeding ad-hoc queries by **25%** (12s to 9s avg).
3. Migrated 2TB+ legacy data from MySQL/SQL Server to Redshift using **Terraform**, cutting storage costs by **12%**.
4. Orchestrated CI/CD workflows for Redshift using **Jenkins** and Airflow, reducing release cycles by **50%**.
5. Streamlined **Amazon Kinesis**-based ingestion into S3, enabling real-time Power BI dashboards for dynamic pricing.
6. Established **Kafka**-based streaming to MongoDB, ensuring high availability for inventory tracking.
7. Debugged/resolved Pyspark job partitions, improving workflow reliability by **30%**.
8. Built Python scripts to validate 5k+ daily CRM records, fixing 15–20 field mismatches/day.
9. Unified SQL Server and Oracle data into PostgreSQL for demand forecasting.

C R INFOTECH | Associate Data Engineer

India | DEC 2019 – JUN 2020

1. Migrated 5M+ customer records from SQL Server to MySQL, optimizing schemas for **30% faster queries**.
2. Resolved 1K+ duplicate records, improving data consistency by **20%**.
3. Automated CSV-to-DB uploads with **Bash scripting**, reducing manual tasks by **40%**.
4. Built Python scripts to clean/deduplicate CRM records, resolving 2K+ inconsistencies/month.
5. Scheduled daily ETL jobs with cron, enabling sales teams to generate insights **4x faster**.
6. Mapped legacy CRM fields to modern schemas for seamless system adoption.
7. Documented workflows/troubleshooting guides, cutting onboarding time.
8. Assisted in deploying **Docker**-ized Flask APIs, reducing integration latency by **20%**.

Education

University of Alabama at Birmingham | MS in Data Science

Amrita School of Engineering | BTech in Electronics & Communications

Certifications

- **Azure Data Engineer Associate**
