PERSONAL DETAILS

Phone	+1 (737) 530-8124	Location	Brownsville, TX
Citizenship	US Citizen	Gender	Male

OBJECTIVE

A result-driven and dedicated individual seeking a challenging & rewarding software engineer position to utilize problem-solving skills & programming expertise to provide the end-user with excellent software solutions.

EXPERIENCE

IDEXX Westbrook, ME	Sr. Software Development Engineer - Java	Jan '23 – Present
- Development of OSN's Software Delivery platform based on microservices architecture, having integration with a Middle East's Telecom Operators. - To enable telco customers to purchase subscription of OSN's OTT streaming service via Telco Bundle and DCB payments. - Using OpenJDK 8 with Spring Boot framework for Restful services for development and AWS Cloud for DevOps (Cognito, SQS, Lambda, API Gateway, ECS, CI/CD etc.). - Using Azure Devops for source code repository along with Jira and confluence for task management and documentation respectively.		
Kroll New York, NY	Senior Software Engineer - Java + Angular	Feb '21 – Dec '22
- Working in CMMI Level 3 company following Agile software development methodologies. - Migrated to Cloud Health & Wellness projects as per HIPAA compliance - For another client developed, magazine subscription system along with Web Conferencing (Web RTC & HLS) feature using Dolby SDK (formerly Voxeet) - Used technologies like Java 8 (Spring Boot, Hibernate, Liquibase) for backend development along with OpenAPI Specification (formerly Swagger) for API Documentation and Stripe as Payment Gateway and AWS for Infrastructure. - Using SonarLint and TSLint for static code analysis of Java and typescript		
RSM Chicago, IL	Software Engineer - MEAN Stack	Aug '18 – Jan '21
MEAN stack engineer worked on the integration of multiple cloud platforms (MS Azure, AWS, GCP) for providing our client with all the services consolidated on a single platform. - Worked on another project using Python (Scrapy) for writing spiders for crawling websites to gather data for Text Analytics & Mining. - Used Git and Bit Bucket for Repositories management.		
Juice Consulting Austin, TX	Software Engineer – R&D	Apr '16 – Jul '18
- R&D of Ignite funded Project i.e. Language-Independent Clone Management Tool Suite's (LICMT) Development of Eclipse Plugin using Java and Antlr. - Plugin developed to identify necessary clones in the code and to unify and manage them using ART (Adaptive Reuse Technique) Language. - Used Xtext for syntax highlighting of our Domain-specific Language i.e. ART. - Worked on JEE based application development for various Asset Management's Firms.		

CERTIFICATIONS

- **AWS** Certified Solutions Architect - Associate.
- **Oracle** Certified Solutions Architect - Associate.
- Certified **Java** developer(CJD).

ACADEMIC BACKGROUND

B.S in Computer Science

2011 – 2015

- **University of Texas at Austin**
(Machine Learning, Applied Probability & Statistics, Design patterns & Refactoring, Advance Design & Analysis of Algorithms, Advance Operating Systems, Computer Architecture)

TECHNICAL SKILLS

Programming Languages	JEE (Spring Boot, JPA & Hibernate, Camunda), Python, Typescript (Angular 6/7), SQL, R.
Cloud (AWS)	Lambda, Code Pipeline (CI/CD), Code Build, Code Deploy, RDS, ECS (With EC2/Fargate & Blue green deployments), S3, SNS, SES, SQS, API Gateway.
Database	PostgreSQL, MySQL, Oracle, MS SQL, MongoDB, Neo4j.
Web Designing	HTML, CSS, XML, Bootstrap.
Team & Task Mgmt. Tools	JIRA, Asana, Waffle, Slack.
Monitoring Tools	Kibana, New Relic, CloudWatch Alarms
Tools & Libraries	Visual Studio, Eclipse, NetBeans, Pycharm, Webstorm, Unity 3D, MATLAB, Rational Rose, Rapid Miner, Anaconda, Scrapy, Scikit.
Processes & Testing	Automated Testing using Selenium, JUnit 5, Mockito, WireMock, Sonarlint, SonarQube, TSLint, Agile Methodologies (Scrum, Xtreme Programming - XP, Lean, ScrumBan)

ACHIEVEMENTS & DISTINCTIONS

- **Gold Medalist** in Matriculation
- **Principals Honor's List** in Bachelors

GENERAL SKILLS

- | | |
|-----------------------------|--|
| ▪ Commitment and Enthusiasm | ▪ Willingness to learn. |
| ▪ Teamwork and leadership | ▪ Excellent written/oral communication skills in English |

HOBBIES

- | | |
|-----------------------|-------------------|
| ▪ Playing Video Games | ▪ Listening Music |
| ▪ Photography | ▪ Travelling |
