EXPERIENCE

Tern, USA — Software Engineer(Full stack)

MARCH 2025 - PRESENT

Developed and delivered three production-ready UI pages using Next.js (TypeScript) with clean, responsive design. Resolved a critical payment flow bug, refactored legacy UI code for better readability and scalability, and contributed to end-to-end development with Node.js and Firebase, writing unit tests with Jest in an Agile environment.

Shunyam studio, Ahmedabad — Software Engineer

SEP 2023 - MARCH 2024

Developed full-stack web applications using Java, Spring Boot, React.js, and MongoDB, improving user workflow and engagement. Designed RESTful APIs and optimized data models for scalable performance, building responsive UIs seamlessly integrated with backend services.

KSV University, Gandhinagar— Internship

JAN 2023 - JUNE 2023

Created a Notion-style content management system to store and organize PDFs, images, and videos, enabling faster content access and management. Designed an intuitive admin interface that reduced content update time, improving operational efficiency and user satisfaction.

PROJECTS

Esociety Application

Developed a full-featured society management platform using React.js, incorporating secure login, member access controls, finance tracking, dashboards, and real-time visitor management. Delivered a clean and intuitive UI that enhanced administrative efficiency and provided residents with a seamless user experience, improving overall engagement and operational workflow.

Ethereum Transacation

Built a secure, blockchain-based web application for sending and receiving cryptocurrency using MetaMask. Implemented robust security measures and transparent transaction handling, ensuring safe and reliable transfers while enhancing user trust and confidence in digital asset management.

SKILLS

Languages/Frameworks: Java, JavaScript, TypeScript, Node.js, Next.js, React.js, Spring Boot

Databases & Cloud: Firebase, MongoDB

Other Tools: REST APIs, Jest (Testing), Agile/Scrum, Git, Tailwind CSS

Areas of Interest: Full Stack Development, GenAI Applications, Cloud Computing

EDUCATION

B.Tech in Information

Technology - Kadi Sarva

Vishwavidyalaya University, Gandhinagar

AUGUST 2019 - JUNE 2023

CGPA: 9.32/10.00

AWARDS

Solved 700+ coding problems across LeetCode, HackerRank

4-Star Coder on HackerRank - [HackerRank Profile](#)

Leetcode problem solver - [Leetcode Profile](#)

Certificate of National Handball Meet – NVS(Pune)

District Level winner- Khel Mahakumbh – Handball (SAI)

Certificate of Business Analysis & Digital Solutions(Workshop) – DIR
