

Orozbek Askarov

Software Engineer

☎ (312) 914-5491 ✉ oroz.askarov@gmail.com 🔗 LinkedIn 📍 Houston, TX 📝 Blog

PROFILE

A highly skilled Software Engineer with 7+ years of experience in testing, automation, and full-stack development. Adept at delivering clean, efficient code and scalable architecture across diverse projects. Proficient in modern front-end and back-end technologies, cloud services, and automated testing tools. Passionate about innovation and exploring cutting-edge technologies, with a particular interest in contributing to GenAI projects, including Retrieval-Augmented Generation (RAG) systems.

SKILLS

Front end

React.js, NextJS, HTML5, CSS3 (Sass/Less), Bootstrap 3/4/5, Tailwind CSS

Database:

SQL (SQL Server), NoSQL (MongoDB)

Cloud - Azure

ADO Pipelines, Test, Artifacts;

App Services, AppInsights, Event Hubs, etc.

Back End

Node.js, Express, TypeScript, RESTful API/services; C#, .Net Core

Automated Testing

Unit Testing (Mocha, Jest), API (Postman, RestSharp),

UI (Playwright, Cypress, WebdriverIO, Selenium)

PROFESSIONAL EXPERIENCE

Full Stack Software Engineer, Launch by NTT DATA

04/2023 – present
Remote, USA

- Developed high-performance **RESTful APIs** using **.NET Core, Serverless (Azure Functions), Rabbit MQ, SQL Server, Express.js, TypeScript, and MongoDB**.
- Built reusable UI components with **React, Next.js, TypeScript, HTML, and CSS (Tailwind)**.
- Wrote unit tests, conducted code reviews, and ensured high code quality.
- Deployed and monitored applications on **Azure** using **CI/CD pipelines, API Gateway, and Application Insights**.
- Worked on Dear Mayor (**Gen AI / RAG**) project as a front end engineer (Vite)

Lead SDET, Launch by NTT DATA

11/2022 – 04/2023
Remote, USA

- Led **framework architecture** initiatives, **CD pipelines**, and tool selection processes to ensure efficient delivery of bug-free applications that became company standards.
- Formulated comprehensive **test plans/strategies**, documented processes, and **shifted all testing efforts to the left**, resulting in a 30% improvement in defect detection rate in the early stage.
- Executed functional and **performance tests**, leveraging **Playwright/TypeScript** and **JMeter/Azure**, resulting in a 20% enhancement in application performance and a 15% increase in application reliability

SDET (Contract), Microsoft ☞

01/2022 – 11/2022
Remote, USA

- Implemented and maintained E2E API testing frameworks in **C#** and UI testing frameworks in **Cypress.IO/TypeScript**, yielding a 20% reduction in testing time.
- Orchestrated the implementation of **Azure CI/CD pipeline** and quality rates, ensuring seamless integration with API Gateway for enhanced scalability and security measures.

QA Automation Engineer, Computer Aid Inc. ☞

03/2020 – 12/2021
Chicago, IL

- Built a cross-platform Test Management desktop application using **ElectronJS and VanillaJS** to streamline manual testing processes for less technical members of the company, resulting in a 40% increase in testing efficiency.
- Designed and executed highly reusable and reliable end-to-end automated tests using **WebdriverIO** (E2E-Web) and Postman, leading to a 30% improvement in test execution time

QA Automation Engineer, Integrated Software Solutions, Corp. ☞

07/2018 – 01/2020
Davie, FL

- Designed and built an internal tool to automate the updating process of the main application (WPF), resulting in a 50% reduction in update time
- Engineered, developed, and maintained automation frameworks using **C#, NUnit, Selenium** WebDriver, POM pattern, leading to an 80% improvement in test coverage

Front End Website Developer, Starsnab Internet Marketing ☞

01/2017 – 05/2018
Moscow, Russia

- Designed and built responsive websites from scratch and modernized existing ones, utilizing a stack of technologies including **HTML5, CSS3** (including **Less** and **Sass**), **JS** (including **jQuery/React**), and **Bootstrap 3/4**. Achieved adaptive UIs resulting in a 25% increase in user engagement and a 20% decrease in bounce rate across multiple websites.

EDUCATION

BS. Applied Mathematics and Computer Science, Kyrgyz Turkish Manas University ☞

Bishkek, Kyrgyzstan
