PROFESSIONAL SUMMARY

Experienced and solutions-oriented Software Architect & Full-Stack Developer with over 20 years of experience in enterprise-grade applications across desktop, web, and mobile platforms. Specialized in .NET technologies, modern JavaScript frameworks, cloud infrastructure, and DevOps. Proven leadership in designing scalable systems, optimizing performance, and driving innovation. Actively improving English communication to thrive in multicultural, global development teams.

• *Authorized to work in the U.S. · Fluent in Spanish · Intermediate English*

CORE TECHNICAL SKILLS

- Languages: C#, Python, GO Lang, JavaScript, TypeScript, HTML/CSS, Python, Java, PHP, SQL, PL/SQL
- Frameworks: ASP.NET Core, MVC, Blazor, MAUI, Xamarin, React, Angular, Vue.js, Node.js
- Databases: SQL Server, MySQL, PostgreSQL, Oracle, MongoDB
- DevOps & Tools: Git, GitHub, Azure DevOps, Kubernetes, Docker, Rancher, Nginx, Jira, Jenkins, CI/CD pipelines
- Cloud Platforms: Microsoft Azure, AWS
- Architecture: Microservices, Clean Architecture,DDD, CQRS, SOLID Principles
- Reporting: SSRS, SSIS, Crystal Reports, Power BI, Tableau

PROFESSIONAL EXPERIENCE

Software Architect – Truenorth | Miami, FL | Oct 2023 – Present

- Designed scalable .NET-based applications for enterprise clients
- Implemented CI/CD pipelines and automated testing workflows
- Led cross-functional teams in architecture reviews and project planning

Senior Software Engineer / Architect – BMI Companies | Miami, FL / Santo Domingo | Feb 2013 – Apr 2023

- Migrated monolithic applications to ASP.NET Core and microservices architecture
- Improved performance and maintainability of enterprise insurance systems
- Delivered interactive dashboards using Power BI and Azure analytics

Professor – Software Engineering | INTEC University | 2017 – Present

- I taught advanced courses in Software Architecture, Web/Mobile Programming, OOP
- Guided students in full-cycle capstone software projects and agile methodologies

Lead Developer & Consultant – Various Roles | 2006 – 2022

- Led architecture and development for systems across government and private sectors
- Developed mobile apps using Xamarin Forms, .NET MAUI, React Native, Swift, Kotlin, JAVA
- Implemented cloud-native systems and DevOps practices on Azure and AWS

EDUCATION

- Ph.D. in Project Management (AI focus) – Universidad Internacional Iberoamericana (*Ongoing*)
- M.Sc. in Systems Engineering – Universidad Dominicana O&M
- Postgraduate in Software Engineering – Universidad Dominicana O&M
- M.Sc. in Web Application Development – Universidad Católica de Ávila, Spain
- B.Sc. in Computer Information Systems – UNNATEC, Dominican Republic

CERTIFICATIONS

- Microsoft Certified Professional (MCP)
- Microsoft Certified Technology Specialist (MCTS)
- Siebel Consultant Certified Expert
- Exactus Technician Certificate

ACHIEVEMENTS

- Awarded for excellence and innovation at Dynamic Tech (AFIM Mobile App, 2017)
- 5-Year Service Recognition – BMI Companies (2018)
- Author of technical articles on CodeProject with thousands of views
