WORK EXPERIENCE

Genpact

Feb 2022-Present

Senior Managing Consultant - Advisory Services

- Led enterprise-wide transformation programs for clients, managed budgets over \$20M across 6+ departments and delivered strategic change across org structures, digital enablement, and regulatory-driven initiatives (ERP, CRM, Shared Services).
- Designed and executed Prosci ADKAR-based change plans, enabling 40%+ user adoption through change ambassador networks, persona-led communications, e-learning, and readiness assessments tailored to business needs.
- Collaborated with executive leadership to define program vision and KPIs, developed impact prediction models, and presented real-time adoption dashboards to C-suite, increasing change success rates by 25% and accelerating decision-making.
- Directed multiple project managers and cross-functional workstreams, implementing PMBOK governance, stakeholder engagement strategies, and Lean Six Sigma-based continuous improvement, reducing delays by 30%.
- Delivered strategic communication and training programs that drove 55% stakeholder buy-in and 90% employee proficiency within weeks, while facilitating governance forums, compliance monitoring, and coaching junior PMs in change best practices.
- Managed development of persona-based communication, training, and onboarding frameworks aligned with Agile sprints and enterprise-wide service delivery models; enabled faster ramp-up and reduced resistance across 5K+ stakeholders.
- Partnered cross-functionally with product, data, compliance, and business teams to align change strategies with evolving regulatory, operational, and customer needs—delivering tangible performance improvements and adoption readiness.

Samsonite

Mar 2019-Dec 2020

Change Manager/PMO

- Led enterprise-wide change initiatives within the PMO, managing an \$8M transformation portfolio focused on global product lines, supply chain efficiency, and retail banking integrations. Directed a team of 6 project coordinators using Agile and PMBOK to deliver 95% of milestones on time across 4 departments.
- Established governance frameworks and proactive risk management protocols for innovation projects, reducing implementation risks by 30%, while delivering change communication strategies that boosted adoption rates by 25% through transparent stakeholder engagement and cross-functional collaboration.

Zolt Energy

Apr 2017-Feb 2019

Partner -Change Management Analyst

- Drove organizational transition to solar rooftop solutions, deploying ~\$950K in projects and achieving 250% sales growth by aligning cross-functional teams and defined customer-centric product strategies with engineering and sales, enabled seamless rollout and enhanced market penetration.
- Orchestrated stakeholder engagement through workshops and feedback loops, resulted in a 30% increase in change adoption; optimized delivery cycles and tracked ROI to align budget allocation with strategic growth targets, ensured measurable success.

Creative Educations

Jun 2015-Mar 2017

Data Analyst

- Built data-driven engagement tools—social channels and dashboards—boosting student-teacher and school-parent engagement by 35% and 32%. Led product ops and marketing rollouts, improving features and conversion by 15% through analytics.
- Partnered with regional leaders and ran cross-functional workshops to define KPIs and align stakeholders, driving continuous product improvement.

LEADERSHIP & OTHER EXPERIENCE

- Co-founded and scaled a B2C e-commerce eyewear Startup (TheFramekart) to a million-rupee valuation and 50K+ monthly visitors within 5 months by leading business planning, digital sales strategies, and onboarding workflows to enable rapid team alignment and revenue growth.
- Co-founded the Leadership Development Association, India, and led a 12-member team to design volunteer opportunities aligned with UN SDGs 2030; tracked performance metrics and created project frameworks for global engagement and impact.
