Senior Project Manager | PMO Leader | Enterprise Transformation & Delivery Excellence

Professional Summary

Senior Project Manager and PMO leader with 15+ years delivering complex enterprise programs that bridge strategy and execution. Experienced in ERP, CRM, and transformation initiatives spanning healthcare, finance, manufacturing, and global commodities. Known for turning ambiguity into structure building governance models, stabilizing at-risk initiatives, and delivering measurable outcomes. Partnered with enterprise and Fortune 500 organizations including BNSF Railway, Assurant, Seaboard Foods, and Louis Dreyfus Company to drive scalable, production-ready change.

Core Competencies

Project Delivery Leadership • PMO Governance & Portfolio Management • ERP/CRM Implementation (Workday, Salesforce, NetSuite, Infor) • Agile & Waterfall Methodologies • Change & Risk Management • Budget & Forecast Control • Stakeholder Alignment • Offshore Vendor Oversight

Professional Experience

Advolocity, LLC – Founder & Principal Consultant

Overland Park, KS | 2008–Present

Deliver senior-level PMO and program management expertise through strategic consulting engagements. Partner with executives to mature portfolios, strengthen governance, and lead enterprise transformations across healthcare, finance, manufacturing, and global commodities.

Representative Consulting Engagements:

Gainwell Technologies – Senior Project Manager (PMO Lead)

- Directed PMO operations for Medicaid and Medicare modernization portfolios.
- Standardized intake, estimation, and reporting processes, improving forecast accuracy and visibility by 20%.
- Partnered with onshore/offshore vendors to strengthen SLAs and contingency planning.
- Implemented production readiness programs reducing deployment risk across multi-state initiatives.

APWA (American Public Works Assoc.) – Senior Project Manager / Portfolio Consultant

- Rescued failed enterprise-wide Salesforce (Fonteva AMS) implementation, restoring multimillion-dollar revenue.
- Partnered with CEO/executives to reestablish governance across U.S./Canadian operations.

Louis Dreyfus Company – Program Manager (Global Platform Modernization)

- Directed global trading-platform modernization integrating SAP with front-office systems across three continents.
- Established executive governance, driving adoption and securing measurable business outcomes.

Waddell & Reed – Program Manager (ERP Strategy)

- Led ERP strategy and vendor selection, securing executive approval of Workday for HR & Finance.

Meridian Business Services – Senior Project Manager / Delivery Lead

- Scaled NetSuite delivery across healthcare, finance, manufacturing & distribution.
- Built hybrid delivery frameworks increasing PS revenue and client satisfaction.

BNSF Railway – Senior Project Manager (ERP/Finance Transformation)

- Unified cross-functional delivery under SAFe, ensuring finance modernization met audit and SOX standards.

Clinical Reference Laboratories – Senior Project Manager (Consulting Engagement)

- Built business case for electronic chain-of-custody platform; cut handling time 25%.

SE2 (Zinnia) – Senior Project Manager (PMO Governance & Compliance)

- Matured PMO governance for multi-billion-dollar transitions; stabilized MetLife migration.

Assurant (Sun Life) – Senior Project Manager (Compliance Systems Delivery)

- Directed offshore vendor delivery of compliance-aligned case management platform.

Additional clients available upon request.

Seaboard Foods – Director, Project Management Office

9/2014–9/2015

Established the company's first enterprise PMO; aligned delivery with executive strategy. Directed Infor ERP implementation; introduced portfolio forecasting & PPM tools improving visibility.

Blue Cross Blue Shield of Kansas City – Strategic Portfolio Manager

3/2010–1/2013

Managed C-suite-aligned portfolio during ACA implementation covering multimillion-dollar initiatives. Applied Six Sigma to streamline PMO workflows, reducing application withdrawals 15%+.
