

Apoorva Gaddam

Raleigh, NC | +1 (630) 360 3098 | apoorvagaddam25@gmail.com

SUMMARY

- Java Developer with 3+ years of experience in designing, developing, and deploying scalable and secure Java-based applications using Core Java, Java 8/11, and J2EE technologies.
- Adept at utilizing Agile and Waterfall methodologies to effectively manage and deliver complex projects within tight deadlines.
- Proficient in frameworks such as Spring (MVC, Boot, Security), Hibernate, JPA, Microservices, and JSF, delivering enterprise-grade back-end solutions.
- Hands-on experience in front-end technologies including HTML, CSS, JavaScript, TypeScript, and jQuery for building dynamic and user-friendly interfaces.
- Knowledge of database design and management with MySQL, PostgreSQL, Oracle, and MongoDB, ensuring data integrity and optimized performance.
- Skilled in debugging and quality assurance using tools such as Jira, JUnit, and MS Excel, ensuring robust and error-free application functionality.

SKILLS

Methodology: SDLC, Agile, Waterfall

Languages: Core Java, Java 8/11, SQL

Frameworks: Spring (MVC, Boot, Security), Microservices, Hibernate, JPA, JSF

IDEs: NetBeans, IntelliJ IDEA, VS Code, Eclipse

J2EE Technologies: Servlets, JSP, JSTL, JavaBeans, JDBC, Java Mail

Web Technologies: HTML, CSS, JavaScript, TypeScript,

Bootstrap, jQuery, Ajax, JSON, XML

Cloud Technologies: AWS (VPC, EC2, S3, CloudFront, ELB, Redshift), Azure, GCP

Application Server: Apache Tomcat, IBM Web Sphere

Databases: MySQL, SQL Server, PostgreSQL, Oracle, MongoDB

Version Control/Other Tools: Git, GitHub, GitLab, Maven, Gradle, Jira, Jenkins, JUnit, MS Excel, JMeter

Operating Systems: Windows, Linux, Mac

EXPERIENCE

FIS Global, USA | Java Developer

Jan 2024 - Present

- Developed and deployed scalable web applications using Core Java, Spring MVC, and Spring Boot, ensuring efficient backend logic and smooth integration with front-end technologies.
- Designed and implemented Microservices architectures, improving application scalability and performance, handling up to a 40% increase in user traffic without compromising system stability.
- Established responsive front-end interfaces using HTML, CSS, and JavaScript, resulting in a 30% improvement in user engagement and a 25% reduction in bounce rates.
- Improved software security by implementing best practices in Spring Security, reducing vulnerabilities by 30%, while using JavaBeans for modular programming to increase maintainability by 40% and enhance code reusability.
- Integrated AWS cloud services (VPC, EC2, S3, CloudFront, ELB), streamlining deployment and scaling processes, achieving a 25% reduction in infrastructure costs and improving application availability by 35%.
- Used MongoDB for NoSQL database solutions, optimizing data storage and retrieval in high-volume, spread systems.

Mindtree, India | Java Developer

Jan 2020 - Jun 2022

- Applied Waterfall methodologies to drive development and deliver projects on time, ensuring alignment with business objectives and meeting client expectations.
- Engineered enterprise-grade applications using Java 8/11, Hibernate, and JSF, optimizing scalability and improving application response times by 25%.
- Industrialized robust server-side functionalities with JavaBeans and enhanced database interactions with PostgreSQL, resulting in a 30% reduction in query execution time.
- Designed and maintained front-end applications using TypeScript, improving user experience and boosting system usability metrics by 20%.
- Managed cloud-based solutions on Azure, ensuring 99.9% application uptime and providing seamless scalability to meet growing business demands.
- Led end-to-end integrations across multiple platforms, facilitating efficient data flow and ensuring reliable back-end operations through PostgreSQL.
- Coordinated project workflows and task tracking via Jira, ensuring alignment and smooth collaboration across 5+ cross-functional teams.

EDUCATION

Master of Science in Computer Science | University of Central Missouri, Lees Summit, Missouri

Dec 2023

Bachelor of Engineering in Computer Science and Engineering | Vardhaman College of Engineering & Technology

SEP 2020

CERTIFICATIONS

AWS Certified Cloud Practitioner
