

Bella J. Reed

Senior Project Manager | Agile Delivery Lead | Digital Transformation & Cross- Industry Programs

Orlando, FL | 32789 | (407) 9178827 | bellareed117@gmail.com

SUMMARY

Certified and results-oriented Senior Project Manager with 12+ years of experience delivering enterprise-scale programs across technology, healthcare, and construction sectors. Proven expertise in digital transformation, SaaS delivery, cloud migration, EHR implementation, capital construction, and infrastructure modernization. Adept at applying Agile, Scrum, and Hybrid methodologies to drive complex, multi-phase initiatives from inception to delivery. Skilled in budget management, risk mitigation, resource allocation, vendor negotiation, and regulatory compliance including HIPAA, SOC 2, GDPR, and OSHA. Recognized for bridging the gap between technical teams, clinical staff, contractors, and executive leadership, ensuring seamless delivery of technology solutions and physical infrastructure projects. Proficient in JIRA, Confluence, MS Project, Smartsheet, and Power BI, with a track record of managing multi-million-dollar portfolios that consistently meet strategic business goals.

- **Big Data:** Kafka, Hadoop, Hive

PROFESSIONAL EXPERIENCE

Sr. Project Manager

NextGen Analytics | Dallas, TX | May 2024 – Present

- Lead SaaS platform enhancements, healthcare IT upgrades, and facility improvement projects using Scrum and Hybrid frameworks.
- Conduct sprint ceremonies daily stand-ups, sprint planning, retrospectives, backlog grooming

ensuring alignment with client OKRs.

- Manage cross-functional teams including UI/UX, software engineering, QA, DevOps, construction contractors, and clinical leads.
- Oversee release planning, UAT, and operational handover for technology deployments.
- Coordinate procurement, contractor onboarding, and vendor SLAs for technology and facility upgrades.
- Maintain project governance artifacts in JIRA and Confluence for transparency and compliance.

IT Project Manager

Mindstorm studios | Austin, TX | Feb 2021 – Apr 2024

- Delivered enterprise content management systems, EHR modules, and API integrations for hospital departments.
- Managed offshore & onshore development teams and on-site contractors for blended technology and construction deliverables.
- Owned project charters, scope documentation, test strategy plans, and risk registers for compliance audits.
- Built Power BI dashboards to track Agile metrics, construction progress, and clinical deployment readiness.
- Ensured compliance with HIPAA, SOC 2, and workplace safety standards.
- Led stakeholder workshops to refine functional requirements across IT, clinical operations, and facilities.

Technical Project Manager

Amazon Web Services | Remote | Jan 2019 – Jan 2021

- Directed cloud migration, data center decommissioning, and infrastructure modernization projects for healthcare and private sector clients.
- Partnered with cloud architects, cybersecurity teams, construction engineers, and compliance officers for phased rollouts.
- Developed detailed migration schedules, construction Gantt charts, and dependency maps in MS Project.
- Oversaw Scrum teams and coordinated with DevOps to align CI/CD pipelines to infrastructure delivery.
- Maintained ISO, SOC 2, and OSHA documentation for regulatory compliance.

Project Coordinator

SkyLine IT & Infrastructure Services | Houston, TX | March 2013 – Dec 2018

- Supported project managers on technology deployments, hospital wing renovations, and office relocations.
- Managed RAID logs, RACI matrices, and sprint review documentation in Confluence.
- Coordinated vendor deliverables, safety inspections, and materials procurement.
- Scheduled and facilitated retrospectives, tracking lessons learned for future builds.
- Promoted to Associate Project Manager for exceptional cross-discipline delivery coordination.

PROJECTS

Enterprise SaaS Implementation

- Managed a multi-department SaaS deployment with integrated analytics, migrating legacy systems and training 300+ users across business and clinical teams.

Hospital Wing Renovation & IT Fit-Out

- Led construction, safety compliance, and IT integration for a new clinical wing, coordinating with contractors, architects, and hospital administration.

Cloud Migration & Infrastructure Modernization

- Planned and executed AWS migration with updated facility networking, ensuring zero downtime and regulatory compliance.

CERTIFICATIONS

- Project Management Professional (PMP) – PMI
- Certified ScrumMaster (CSM) – Scrum Alliance
- AWS Certified Solutions Architect – Associate
- Certified SAFe® 6 Agilist
- HIPAA Compliance Certification – HIPAA Academy
- OSHA 30-Hour Construction Safety & Health
