SKILLS

Results-driven Mobile Engineering Manager and Senior iOS Engineer with over 10 years of experience in iOS development, technical leadership, and cross-functional team collaboration. Proven track record in optimizing

Skills: mobile app performance, driving product innovation, and managing large teams to deliver high-quality software solutions. Expertise in Swift, SwiftUI, Combine, Objective-C, and other relevant technologies. Passionate about mentoring and guiding engineering teams to achieve business objectives and improve user experiences.

CORE COMPETENCIES

- **Technical Leadership:** Team Management, Recruitment, Mentorship, Agile Methodologies
- **iOS Development:** Swift, SwiftUI, Combine, Objective-C, CoreData, UIKit, MVVM, TDD
- **Cross-Platform Familiarity:** Java, JavaScript, Kotlin
- **Software Architecture:** Modular Design, Scalable Solutions, Performance Optimization
- **Project Management:** SDLC, Resource Allocation, Agile & Scrum Practices, Jira, Xcode, Git
- **Collaboration:** Cross-functional Communication, Technical Documentation, Stakeholder Management

WORK EXPERIENCE

Fisker Inc.

Remote

Lead Mobile Engineering Manager, Mobile

Aug 2022 - May 2024

- **Team Leadership & Recruitment:** Managed the end-to-end recruitment and hiring process, ensuring the iOS engineering team was staffed with top talent to deliver high-quality code. Successfully guided and mentored a team of 12+ developers through the full Software Development Life Cycle (SDLC) for Fisker's iOS mobile application.
- **Project Management & Collaboration:** Collaborated closely with product management and design teams to develop accurate engineering estimates, resulting in a 15% reduction in project timeline delays. Leveraged cross-functional collaboration to align engineering goals with business objectives.
- **Technical Strategy & Optimization:** Implemented third-party packages and internally built software to enable remote control functionality for Fisker vehicles, such as Lock/Unlock, Climate Controls, and Tailgate features. Led a significant optimization project, reducing the application size from 1.8GB to 300MB, which drove an 80% increase in customer usage and improved the overall user experience.
- **Revenue Generation:** Innovated and developed a system within the iOS app allowing customers to purchase vehicles directly, generating over \$300K in revenue from the app alone.

Blue Cross Blue Shield IL (HCSC)

Remote

Engineering Manager, iOS

Aug 2021 - Jul 2022

- Led group coding sessions, focusing on TDD and MVVM methodologies to ensure clean, maintainable code.
- Created and enhanced features for the flagship mobile app, collaborating with cross-functional teams to meet business goals.
- Utilized Jira, Git, and Xcode to maintain high productivity and project alignment.

Mind Missiles LLC

Remote

Lead iOS Engineer - Team Lead

Nov 2019 - Aug 2021

- Developed custom frameworks for iOS platforms, leading the team in delivering swift-based applications for private clients.
- Excelled in problem-solving, organization, and communication, maintaining strong client relationships.
- Integrated RESTful APIs with asynchronous requests, managing JSON data handling for robust mobile solutions.

Apple Inc.

Remote

iOS Technical Advisor

Jun 2013 - Jun 2014

- Provided expert technical support for iOS products, managing client relationships and resolving complex issues.
- Contributed to product management and customer service excellence, gaining in-depth knowledge of iOS devices.

CAMTechSolutions*Founder/Developer/Consultant***Parkland, FL***Jan 2009 - Jan 2022*

- Repair smartphones, tablets, and computers.
- Assisted small businesses in developing websites and mobile apps to enhance their online presence and support growth.
- Graphic design for iOS, Android, and web platforms.
- Create, design, and maintain shopify/e-commerce stores.

EDUCATION

Full Sail University

*Bachelors of Science - Mobile Application Development***Orlando, FL***Graduation Date: Dec 2016*
