EDUCATION

Bachelor of Science in Computer Science

Graduated: May 2024

Saginaw Valley State University, University Center, MI
Dean's List: Fall 2020, Fall 2023
President's List: Winter 2024

RELEVANT COURSE WORK

Server-Side & Client-Side Web Application Development
Software Engineering I & II
Data Structures and Algorithms
Computer Programming I & II

Advanced Programming with Java
Visual Basic.NET Programming
Database Systems
Mobile Application Development

COMPUTER/ TECHNICAL SKILLS

Programming Languages: C#, Java, VB.NET, Python, JavaScript, SQL

Web Development: HTML, CSS, React

Software Development Tools: Android Studio, Visual Studio, IntelliJ, Eclipse, Crystal Reports, Figma, Visio

Frameworks: ASP.NET, .NET, Spring, Django

Databases: Microsoft SQL Server, MongoDB, PostgreSQL

RELEVANT EXPERIENCE

Senior Capstone

Aug 2023 – May 2024

Saginaw Valley State University, University Center, MI

- Collaborated with a 26-member development team to design and deploy a networking platform, connecting students with industry professionals
- Built and managed a scalable PostgreSQL database for over 1,000 mentor-mentee relationships, profiles, and interactions, ensuring data integrity and accommodating future growth
- Developed automated Selenium tests, reducing pre-deployment bugs by 40% and enhancing reliability.
- Authored a comprehensive Software Requirements Specification (SRS), clarifying project scope and aligning team efforts, improving development efficiency

WORK EXPERIENCE

Software Consultant

Jan 2024 – August 2024

Yeo & Yeo, Saginaw, MI

- Optimized and enhanced the Probation Residential Center management system by implementing 20 updates, improving system performance by 30%, expanding functionality, and integrating custom Crystal Reports for advanced data analysis and reporting
- Spearheaded the design and implementation of an inventory management mobile application for a manufacturing client, automating their manual processes
- Integrated Bluetooth connectivity with Zebra printers within the inventory management app, enabling seamless shipping label printing and reducing label processing time.

- Designed and developed APIs to enable seamless data integration across multiple tablet devices, enhancing application functionality and operational efficiency
- Designed and implemented a database schema for a financial institution's survey management system, automating annual employee reviews, enabling historical comparisons, and generating detailed reports using Crystal Reports for data visualization.

Team Leader

Jun 2023 – Aug 2023

Michigan Department of Transportation, Southfield, MI

- Supervised a team of five members to ensure efficient workflow and project completion
- Operated department vehicles for transportation to and from work sites
- Administered team compensation records and monitored vehicle usage to maintain accurate logs

Custodian

Nov 2022 – May 2023

Saginaw Valley State University, University Center, MI

- Performed custodial tasks ensuring that campus facilities were clean and well-maintained, contributing to a positive environment for students and staff
- Played a key role in setting up and organizing campus events, including arranging furniture, preparing spaces, and ensuring that venues were ready and welcoming for attendees
- Followed established safety protocols and cleaning procedures to maintain a safe and hygienic environment, adhering to university guidelines and industry standards

HONORS/ AWARDS/ ACTIVITIES

Member, Association for Computing Machinery (ACM), SVSU Oct 2020 – May 2024

- Assisted with organizing Michigan High School Programming Contests, contributing to logistics, scheduling, and overall event execution
- Collaborated with ACM members and faculty to plan and execute workshops, hackathons, and tech talks, fostering engagement and providing valuable learning opportunities for students

Member, Dodgeball, SVSU

Aug 2019 – Apr 2023

- Assumed the role of Treasurer, responsibly managed the club's funds, budgeted for tournaments.
- Actively participated in weekly dodgeball practices and tournaments, honing team coordination and sportsmanship
- Organized fundraising initiatives and sought sponsorships to increase the club's financial resources
- Promoted the club's activities and events through social media and campus outreach, increasing visibility and engagement within the university community

Volunteer, Focus Hope, Detroit, MI

Apr 2018

- Prepared and packaged food boxes for elderly community members in need
- Coordinated with team members to efficiently manage food distribution and ensure timely delivery
- Conducted inventory checks to track stock levels and prevent shortages
- Assisted in organizing and setting up food distribution events, including managing logistics and coordinating volunteer efforts
