Professional Experience

- ElevateU Nexus – Sr. Consultant Feb 2025 – Present

Serve as a senior consultant improving performance, communication, and change readiness for diverse clients. Provide strategic guidance to align people, processes, and culture during transformation initiatives. Deliver leadership coaching, stakeholder communication strategies, and workforce enablement solutions. Leverage AI and analytics to optimize productivity, retention, and customer satisfaction.

- Conduent – Organizational Change, Communications & Learning Manager Apr 2023 – Feb 2025

Led stakeholder assessment and intake planning for a \$100M+ healthcare IT modernization program. Applied Prosci ADKAR®, Kotter's 8-Step Model, Lewin, McKinsey 7S, SAgile, and Bridges Transition. Managed 13 staff including Prosci-certified leads, instructional

designers, and trainers, plus two vendor teams. Designed and implemented enterprise-wide communication, learning, and change plans. Reported progress and metrics to executive leadership, steering committees, and the Change Control Board. Supported adoption for 720K clients, 400 providers, and 1,300 employees across multiple sectors. Contributed to business development and proposal writing for organizational growth.

- Peraton – Technical Learning Manager Jul 2022 – Apr 2023

Developed onboarding and mentorship programs that increased retention by 20% and customer satisfaction by 27%. Created learning strategies aligned with OCM principles and adult learning methodologies. Enhanced employee productivity and collaboration through structured knowledge transfer initiatives.

- BITHGROUP Technologies – Learning Manager & Leadership Pillar Lead Jul 2020 – Jun 2022

Directed learning and OCM initiatives across six concurrent Medicaid modernization projects. Provided quality assurance reviews of technical, learning, security, and compliance plans for six vendor submissions. Applied Prosci tools and templates customized for Agile and SAFe environments. Managed instructional design, technical writing, and facilitation teams to ensure quality and compliance. Championed leadership development and workforce engagement to support digital transformation.

- People Learn Headquarters – Director 2008 – 2020

Led learning, coaching, and change engagements for clients in healthcare, government, and education. Designed curricula and deployed LMS-based learning and evaluation systems. Facilitated executive coaching, webinars, and assessments to align strategy and performance.

- Gunnison Consulting Group – Learning Manager Aug 2015 – 2017

Designed and delivered government learning programs for the U.S. Census Bureau. Served as a leader on an Agile software development project. Produced 80+ instructional and demo videos improving end-user proficiency and adoption. Applied Quality Assurance principles to ensure learning materials and documentation met federal standards.

- UnitedHealth Group – Learning & Development Specialist Feb 2005 – Mar 2008

Increased new-hire retention by 34% through a redesigned, hands-on learning program. Created a 402-page Provider Learning Manual that improved service scores by 15% and reduced help desk tickets by 37%. Identified a major billing anomaly, prompting an audit that recovered \$400K in improper payments. Supported onboarding and system learning across four operational sites. Recognized for excellence with multiple company awards and conference speaking invitations.

- Kaplan University / Hagerstown Business College – Instructor & Corporate Trainer
2005 – 2008

Delivered communication and technology learning programs for adult learners and corporate clients. Conducted workshops for 82 local companies and received Professor of the Year twice.

Education & Certifications

Master's Degree – Technical Curriculum & Evaluation (Adult Education) Marshall University

Bachelor's Degree – Marketing and Teaching Certification Marshall University

Professional Certificate – Managing Change in the Digital Era Dale Carnegie, March 2025

Highlights of Impact

Directed change initiatives influencing over 700K end users across sectors. Managed and mentored teams of 10–15 professionals to deliver learning and communication excellence. Advanced culture, leadership, and adoption outcomes in complex transformation programs. Recovered significant corporate funds and improved key performance indicators through proactive analysis and communication.
