Profile

Results-driven **QA leader** with **13+ years** of expertise in **software testing, automation, and Agile methodologies**. Proven ability to **optimize development workflows, implement cutting-edge test automation, and establish seamless defect tracking**. Adept at **leading cross-functional teams, streamlining QA processes, and reducing release cycle times**. Recognized for **driving continuous improvements, mitigating risks, and delivering high-performance, scalable software solutions**. Passionate about **setting company-wide QA strategies** that ensure **innovation, efficiency, and exceptional product quality**.

Work experience

01/2023 – 03/2025 MI, United States	Senior QA Analyst Credit Acceptance • Played a crucial role in the development of the Credit Approval System, a UI-based application designed to streamline loan origination for dealers • Developed well-structured test plans, test cases while logging defects using ServiceNow and Jira • Spearheaded CI/CD automation with Jenkins and GitHub Actions, reducing manual testing efforts by 40% • Conducted root cause analysis and debugging using PyCharm, analyzing configuration files and logs to resolve defects
07/2020 – 12/2022 NJ, United States	Senior QA Lead Strasz • Spearheaded UAT and regression testing processes • Designed and implemented automation testing frameworks for web applications using Cypress, Protractor, and Jasmine on Angular and AngularJS. • Collaborated with Agile Scrum teams to improve software release efficiency, reducing post-release defects by 40%.
07/2018 – 07/2020 NJ, United States	Senior QA Engineer Genpact • Executed UAT testing for new features within a Behavior-Driven Development (BDD) framework • Collaborated with product managers to validate business requirements • Conducted API testing using Postman and SoapUI, improving backend reliability by 45%. • Implemented shift-left testing with DevOps, enhancing early defect detection.
10/2016 – 06/2018 NJ, United States	Software QA Analyst Horizon, BCBS • Led mobile testing efforts for iOS and Android, validating application performance on multiple devices. • Conducted cross-browser testing using BrowserStack, ensuring seamless user experience across multiple platforms.
12/2014 – 09/2016 CA, United States	QA Tester GAP INC. • Collaborated with cross-functional teams to prioritize testing efforts and communicate findings to stakeholders • Executed database validation tests using SQL queries, ensuring data integrity for user payments, rewards, and memberships, improving accuracy by 30% • Validated bug fixes and executed smoke and regression testing on new builds

Work experience

02/2012 – 10/2014
United States

Software Test Engineer WEBNIT24

- Converted **manual test cases** into **automated test scripts** using **HP UFT/QTP** for **websites and portals**
- **Designed, developed, and executed manual and UAT test cases** based on **test plans**, leveraging **HP ALM and Zephyr** for **test management and defect tracking**

Education

09/2004 – 07/2016

Master's Degree in Linguistics

Testing Tools/Programming Languages

Scrum, TDD, BDD

Jira, Zephyr, TFS,
ServiceNow, Confluence

Postman, SoapUI

MySQL, AWS

Jenkins, GitHub Actions,
Azure DevOps

Java, JavaScript, Python,
TypeScript, C++, PHP,
JSON

PyCharm, Cypress,
Protractor, HP UFT

Strengths

Detail-Oriented # Problem-Solving # Leadership # Analytical thinking # Communication Skills

Certificates

04/2023

Practical Test-Driven Development for Java Programmers LinkedIn learning

03/2023

Bootstrap-5 Credential ID 1312537-8

01/2023

Certificate in Introduction to Web Development (HTML5, CSS3)

06/2019

Robotic Process Automation Credential ID AAADVC-13254104

Awards

03/2019

Bug Hunter Champion Genpact

08/2022

Zero Critical Defect Award Strasz
