## SOFTWARE ENGINEER

**Open to Relocation**

**Work Authorization: EAD – No Sponsorship Required**

Detail-oriented Software Engineer with 5+ years of experience designing, developing, and optimizing scalable, high-performance backend solutions in the payments and financial technology sector. Expertise in Java, Spring Boot, Hibernate, PostgreSQL, REST APIs, and Cloud Computing. Passionate about building secure, data-driven applications, driving efficiency in payment processing, and ensuring compliance with financial industry standards. Adept at collaborating with cross-functional teams, mentoring developers, and implementing innovative solutions.

### TECHNICAL & Soft SKILLS

- **Languages:** Java, J2EE, Python, TypeScript, SQL
- **Backend:** Spring Boot, RESTful APIs, Microservices, Middleware, API Development
- **Cloud & DevOps:** AWS (EC2, Lambda, S3, RDS), Kubernetes, Docker, Terraform, Jenkins, CI/CD Pipelines
- **Databases:** PostgreSQL, MySQL, OracleDB, RDBMS Technologies
- **Messaging & Event Processing:** Kafka, RabbitMQ, Event-Driven Architecture
- **Security & Compliance:** OAuth 2.0, JWT, Identity and Access Management (IAM), Data Encryption
- **Testing & Quality Assurance:** Selenium, Rest Assured, Cucumber, JUnit, TestNG, Mockito
- **Monitoring & Debugging:** Splunk, Log Analytics, Performance Optimization, SonarQube
- **Development Practices:** Agile (Scrum, TDD, BDD), Code Reviews, Secure Coding
- **Version Control & Collaboration:** Git, GitHub, Bitbucket, JIRA, API Documentation

## PROFESSIONAL EXPERIENCE

**REY JUAN CARLOS UNIVERSITY, Madrid, Spain • 05/2023 – 05/2024**

### Senior Software Engineer

Designed and developed scalable, secure, and high-performance full-stack applications, integrating React-based UI with microservices on Spring Boot and AWS.

- Developed high-performance Java microservices using Spring Boot and Hibernate to optimize payment processing.
- Designed and implemented secure RESTful APIs, ensuring seamless integration with financial partners.
- Optimized PostgreSQL database queries, reducing transaction latency by 35%.
- Built event-driven payment processing pipelines using Kafka and RabbitMQ to enhance transaction efficiency.
- Led CI/CD automation efforts with Jenkins and Kubernetes, improving deployment time by 50%.
- Ensured compliance with financial security standards by implementing encryption and OAuth-based authentication.

- Mentored junior developers and provided technical guidance on best coding practices.

## **BMC SOFTWARE, Madrid, Spain • 10/2022 – 03/2023**

### **Senior Software Engineer**

Worked on the development of enterprise financial applications, integrating secure backend APIs with dynamic UI dashboards to enhance system performance.

- Built and maintained enterprise payment applications with Java, Spring Boot, and AWS cloud technologies.
- Integrated PostgreSQL and Oracle databases to support high-volume financial transactions.
- Developed real-time fraud detection algorithms using Kafka streaming.
- Conducted unit and integration testing using JUnit and Mockito, ensuring 99.9% uptime.
- Led database migration projects from OracleDB to PostgreSQL, improving system scalability.

## **SAMA, Nairobi, Kenya • 03/2018 – 09/2021**

### **Software Engineer**

Developed and optimized financial transaction processing systems, ensuring high-speed execution and accuracy.

- Developed and maintained secure financial APIs, ensuring real-time payment processing.
- Integrated banking APIs with payment gateways for seamless fund transfers.
- Designed highly available backend services using Spring Boot and Hibernate.
- Implemented robust security protocols, including JWT authentication and OAuth authorization.
- Conducted performance tuning of database queries to reduce transaction failures by 20%.

## **EDUCATION**

### **Master of Science in Computer Science**

Maharishi International University, Iowa, USA

### **Master's in Business Analytics and Big Data**

IE University, Madrid, Spain

### **Bachelor's Degree in Computer Engineering**

Addis Ababa University, Addis Ababa, Ethiopia
