 - Change Management (Prosci ADKAR)
 - Scrum Facilitation & Agile Coaching
 - Risk & Issue Mitigation
 - Stakeholder Engagement & Executive Reporting
 - Service Delivery & SLA Management
 - Leadership & Team Coaching
-

SELECT ACCOMPLISHMENTS

- Delivered enterprise Salesforce and ServiceNow implementations, improving efficiency, user experience, and analytics for decision-making.
- Built and scaled an IT PMO, elevating it to an EPMO recognized by the CEO for measurable business impact and risk reduction.
- Conducted an enterprise IT assessment that identified critical infrastructure and disaster recovery needs, achieving \$200K+ in cost savings.
- Drove Agile adoption (Scrum, Kanban, TDD) across two organizations, accelerating delivery speed and significantly improving product quality.

PROFESSIONAL EXPERIENCE

U.S. Department of Agriculture USDA (via Synergy BIS Reston, VA)

Apr 2023 – Nov 2024

Program Delivery Manager

The program was aimed at modernizing and centralizing service delivery from a disparate set of dispersed helpdesk groups and empowering end users with greater self-service.

- Directed a \$20M ServiceNow modernization, implementing ITSM and SPM in production and piloting HRSD, CMDB, and Discovery in test, aligning with CIO priorities. Boosted SPM adoption by 40% within one business unit and reduced incident volume 30% across several business units through automation and governance.
- Piloted ServiceNow CMDB and Discovery in test environments and supported several business units by uploading spreadsheet-based asset records, establishing centralized visibility and compliance reporting to lay the groundwork for SAM and audit readiness.

- Facilitated Scrum ceremonies (daily stand-ups, sprint planning, retrospectives, and PI planning), enabling cross-functional alignment and continuous improvement across ServiceNow workstreams.
- Led 22 ServiceNow specialists, across multiple business units, enhancing team cohesion and delivery quality while implementing program roadmaps and executive dashboards for real-time visibility and risk control.
- Delivered executive-level briefings and portfolio updates, influencing leadership decisions and reinforcing alignment across stakeholders.
- Applied Prosci ADKAR methodology to accelerate change adoption across business units, driving transformation in a highly regulated federal environment.

GSK Pharma (via Artemis Factor LLC), Collegeville, PA

Oct 2021 - Jan 2022

Program Manager (Project & Change Management, WS&CL Workstream)

Reporting to the Director of Business Transformation, I supported GSK's One Development / Upper Quartile transformation through the Written Standards & Compliance Learning (WS&CL) workstream, which aimed to simplify processes, accelerate regulatory submissions, and strengthen R&D compliance.

- Contributed to GSK's One Development / Upper Quartile transformation, focused on simplifying processes and accelerating regulatory submissions.
- Managed the Written Standards & Compliance Learning (WS&CL) workstream, coordinating documentation, training, planning, risk, and reporting activities.
- Supported stakeholder engagement and communications, driving process adoption and compliance alignment within the WS&CL scope.
- Identified governance gaps due to limited SME input, prompting GSK leadership to restructure oversight; concluded engagement following this realignment.

FDA (via CFD Research Corporation Huntsville, AL)

Feb 2020 – Sep 2020

Program Manager (Project Manager III, FDA contract)

This Program was for the migration of SharePoint from on-premises to the cloud, restructured workflows and access points, and centralized information and documentation in updated libraries.

- Led migration of CPES SharePoint 2010 to SharePoint Online, streamlining workflows and boosting operational efficiency by 20%.
- Leveraged SharePoint's cloud capabilities to support scalable and accessible solutions; designed and implemented customized pages to facilitate team collaboration and communications.

Predictive Potential LLC, Dickerson, MD

Aug 2017 – Apr 2023

Co-founder

Co-founded a coaching and leadership development consultancy integrating behavioral analytics and team performance models.

- Designed and delivered leadership development programs for first-time managers and senior leaders, addressing skills gaps and enhancing accountability.
- Provided career and leadership coaching for PMO Directors, Program Managers, and Project Managers, strengthening their ability to manage portfolios, resolve conflicts, and build high-performing teams.

J6 Labs LLC, Washington, D.C.,

Mar 2016 Jul 2017

Program Manager

Boutique consultancy specializing in digital transformation strategy for public and nonprofit clients.

- Executed project activities for AARP's Life Reimagined initiative, a digital product to help members navigate career and life transitions, ensuring alignment of business and technical requirements and tracking vendor deliverables.
- Provided project management for CPB's Digital Culture Acceleration Project at 3 pilot stations by tracking deliverables and facilitating framework implementation handoff before expansion by others.

ASCD, Alexandria, VA

Jul 2013 – Nov 2015

Director, IT Portfolio & Program Management

Non-profit education organization supporting 125,000+ educators globally with resources for curriculum development and leadership. Hired to build and lead the first IT PMO.

- Built ASCD's first IT PMO; hired and developed a high-performing team of five PMs/Bas.
- Introduced portfolio governance requiring business case review and approval by C-suite reducing 100+ project requests to 12 prioritized strategic initiatives and clearing a 3-year backlog of enhancements.
- Oversaw Bridgeline Digital e-commerce cloud platform implementation, including vendor negotiations with Sapient Nitro that reduced design costs by 10%; project was paused due to leadership changes.
- Led the transition of outsourced marketing in-house, saving \$400K+ annually and contributing to the PMO's elevation to an Enterprise PMO by the CEO.
- CIO expanded my scope to lead the QA Testing transformation, implementing an onshore/offshore model and automation that cut testing cycles by 50% and improved software quality by 15%.
- Standardized PMO tools, templates, and processes, increasing efficiency and strengthening stakeholder engagement.

Bright MLS, North Bethesda, MD

Mar 2007 – Jun 2013

PMO Team Lead

Largest Multiple Listing Service (MLS) in the U.S., enabling \$125B+ in real estate transactions annually. Hired to lead the transition from legacy systems to scalable cloud solutions, driving operational efficiency and enhanced customer experience.

- Directed enterprise SaaS implementation including Salesforce CRM integrated with existing Oracle-based data platforms, along with billing process automation, streamlining operations and improving data integrity.
- Spearheaded Agile adoption (Scrum, Kanban, TDD) with Jira, reducing time-to-market for new features by 30% and improving customer experience with faster product releases.
- Led website redesigns for MRIS.com and MRIS Homes.com using Drupal CMS, improving usability, brand presence, and scalability of customer-facing platforms.
- Conducted enterprise IT assessment for CFO/COO, identifying infrastructure upgrades, disaster recovery needs, and cost-saving measures, producing \$200K+ in savings.
- Mentored project managers in Agile and PMBOK practices, strengthening delivery discipline and increasing on-time project completion by 30%.
