

Hrithik Sanyal | Product Designer

Sunnyvale, CA | (734) 474-5725 | sanyalhrithik@gmail.com | hrithiksanyal.design/ | linkedin.com/in/iamhhtk/

Experienced Product Designer from UofM with 4+ years of professional experience delivering user-centric solutions across B2C, B2B, and enterprise platforms, including web, mobile, and XR. Led 10+ projects from product discovery to developer handoff, delivering 50+ design iterations in agile sprints, improving usability through AI integration and human-centered design. Skilled in solving complex problems and enhancing user journey to align with business objectives and user needs.

WORK EXPERIENCE

Project: Human City Remote, USA
User Experience Design Intern Aug 2024 - Present

- Executed the end-to-end design of mobile and tablet apps, integrating AR features and ensuring seamless user experiences
- Devised a new unified design system (CityScape), increasing efficiency by 15% and streamlining workflows across products

Adobe Remote, USA
Product Design Intern Jan 2024 – May 2024

- Transformed complex Business Design documents into user flows, wireframes, and comprehensive information architecture, collaborating with business, development, and research teams to ensure accessibility, feasibility, and overall project success
- Spearheaded efforts with Adobe Sensei and the Research & Strategy teams to design innovative onboarding and learning experiences for Adobe Illustrator on the web, enhancing user engagement and proficiency

The Understanding Group (TUG) Ann Arbor, MI
Information Architecture Intern July 2023 – Dec 2023

- Created and led the design and implementation of information architecture for multiple clients, enhancing navigation and user satisfaction through user research, user interviews, usability testing, and human-centered design principles
- Amplified user engagement by 25% by engineering sitemaps, wireframes, and user flows, leveraging generative research and ethnographical insights to integrate AI for mission-driven organizations

Raseet Health, Kryptonias Innovations Noida, India
Product Design Lead Feb 2021 – Jun 2022

- Led the design and product management for an early-stage e-pharmacy startup as a founding member, acquiring 10,000 customers and 200 partner pharmacies in 3 months
- Developed an in-house unified frontend design system in Storybook's Component Story Format (CSF) for easy exports as ES modules in frontend libraries, saving 100% of development time on redundant component creation and boilerplate code
- Pioneered continuous A/B testing on UX design improvements, gathering user behavior and engagement feedback to refine design iterations, enhancing usability and refining product performance over 2 years

Connectial Infosolutions Bangalore, India
UX Designer July 2019 – Jan 2021

- Redesigned website flows and navigation in Figma to eliminate user pain points, leading to a 40% reduction in misdirected customer service inquiries and dramatically improving engagement with underutilized site sections
- Implemented rigorous evaluative testing through InVision and UserTesting.com, refining interactive prototypes and driving a 30% decrease in bounce rates across critical user pathways, significantly enhancing overall user experience

EDUCATION

University of Michigan, School of Information Ann Arbor, MI
Master of Science in Information (MSI) in UX Research & Design, and Human Computer Interaction (HCI) 2024
GPA: 3.91/4.0

Bharati Vidyapeeth University, College of Engineering Pune, India
Bachelor of Technology (B. Tech) in Electronics and Telecommunications 2018
GPA: 8.66/10

SKILLS

UX Design & Research Skills: A/B Testing, Affinity Mapping, Cognitive Ergonomics, Competitor Analysis, Contextual Inquiry, Design Thinking, Design Systems, Empathy Mapping, Ethnography, Heuristic Evaluation, Ideation Workshops, Information Architecture, Interaction Design, Journey Mapping, Persona, Prototyping, Qualitative Research, Quantitative Research, Rapid Prototyping, Responsive Design, Storyboarding, UI Design, Visual Design, Wireframing

UX Tools: Adobe Creative Suite, Aero, Illustrator, Photoshop, Adobe XD, AfterEffects, Axure, Bezi, FigJam, Figma, Framer, Invision, Meta Spark Studio, Miro, Omnigraffle, Sketch, Snapchat Lens Studio, Unity, UserTesting.com, Webflow, Wireframe.cc, Accessibility Guidelines, Web Standards (W3C)

Programming Languages: Bootstrap, HTML5, CSS3, JavaScript, Python, React, GitHub, MySQL, Oracle, Xcode

Project Management Frameworks/Tools: Agile Methodologies, AWS Management, JIRA, Reetro, Scrum, Trello
