Summary

PMP®-certified Senior Project Manager with over 13 years of experience delivering complex, high-value projects across technology, marketing, and digital transformation. Expert in both Agile and Waterfall frameworks, leading cross-functional teams through all phases of the project lifecycle. Skilled in stakeholder communication, risk and change management, and process optimization. Adept at balancing strategic planning with hands-on execution to deliver measurable business outcomes.

Experience

Lead Producer (Contract) | Fantasy Interactive (Nike Projects) - Remote (Mar 2025 - Jul 2025)

Directed multi-million-dollar digital projects spanning design, data, and engineering. Created detailed project charters, scope statements, and delivery schedules. Managed cross-functional teams through Agile sprints, ensuring alignment with technical and business objectives. Delivered global product launches on time and within budget.

Senior Digital Producer | RWest - Portland, OR (2022 - 2025)

Oversaw large-scale marketing and infrastructure programs across retail and technology sectors. Developed project roadmaps, risk registers, and stakeholder communication plans. Drove process improvement initiatives that improved delivery predictability by 20%. Mentored junior PMs and led Agile adoption efforts across multiple teams.

Freelance Senior Digital Producer | Various Agencies - Sydney, Australia (2020 - 2022)

Delivered end-to-end project management for global clients, managing vendors, budgets, and resource allocation. Implemented hybrid delivery models to improve visibility and collaboration. Supported teams in defining clear deliverables and ensuring QA alignment across phases.

Senior Project Manager | AKQA - Portland, OR (2015 - 2020)

Managed global e-commerce and enterprise integration projects for Nike, Amazon, and Tag Heuer. Led distributed teams of designers, engineers, and QA testers to deliver programs exceeding performance KPIs. Oversaw risk management, change control, and milestone reporting for executive stakeholders.

Digital Producer | VCCP - London, UK (2013 - 2014)

Coordinated digital campaigns and CMS initiatives for O2 UK. Maintained full ownership of timelines, budgets, and deliverables. Improved release efficiency through proactive risk and issue management.
