PROFESSIONAL EXPERIENCE:

PDI Technologies, Dallas, TX

Program Operations Manager

August 2021 – Present

- Managed the implementation of 10+ Loyalty programs for Convenience Retailers in the United States, averaging \$150,000 in annual revenue per retailer.
- Collaborate with stakeholders and team members to identify any areas of improvement for customer user experience, correction, or improvement to the current process, reduce liability and risks, and escalate any technical issues or processes maps that are not working as expected.
- Assessed and cleared program roadblocks, address risks, and mitigated issues when they arose to lessen the negative impact it would have on the program launch.
- Implemented gap analysis to identify required customizations needed to meet client requirements, secured managed project resources.
- Conducted 5 Training Demos of internal applications with retailers to help manage their programs after the launch.
- Led technical and marketing presentations to provide project updates and maintain project cohesion.
- Trained new Program managers on the various processes involved in implementing Loyalty programs from the kick-off to Launch.
- Offered technical solutions to my clients after discovering program pain points to improve their customer user experience.
- Implemented tools and improved processes that increased project turnover by 30%.
- Communicated with customers on a regular basis to ensure project tasks are completed in a timely manner.
- Subject matter expert for 25+ API calls and Virtual Product transactions to help in 3rd party website integration.
- Coordinate internal resources and third parties/vendors for the flawless execution of projects.
- Manage changes to the project scope, project schedule and project costs using appropriate verification techniques.

- Created and maintain comprehensive project documentation that developed Program success for account managers and Clients.
- Performed as a Program Manager for 20+ new projects of all sizes for various LOB's in an agile and loyalty program environment driving projects from intake to completion via in market launch.
- Identified process improvements for both PDI implementation teams including intake request forms, review/approvals, project planning and launch initiative that involved the Shell program.
- Collaborated with legal counsel for every project to ensure project messaging meets compliance requirements.
- Worked directly with 3rd party vendors such as Branch Links, Salesforce, Oracle, Auth0, Postman APIs, etc to develop proper technology for each project.
- Influenced stakeholder strategies by assessing and implementing new messages such as SMS, push notifications, & email from intended concept through customer delivery for the Fuel Rewards® Program as well as other Convenience retailers around the country

University Area CDC, Tampa, FL ***Prodigy Moves! Program Coordinator*** **June 2018 – August-2021**

- Coordinated 7 instructors with up to 10 community organizations to implement Prodigy Moves! into their afterschool program.
- Became an ambassador for Prodigy Moves! by conducting presentations at different events that helped create awareness for the Prodigy Cultural Arts program.
- Assisted the Prodigy Moves! Manager in strengthening the infrastructure of Prodigy Moves! which includes our process, policy, staffing, and programming.
- Maintained data integrity of attendance, applications, assessments of 6 classes, at one time, to help continue the Prodigy Moves! program and receive funding.

University Area CDC, Tampa, FL ***Marketing and Development Specialist*** **May 2016 – June 2018**

- Developed, cultivated, and maintained relationships with current donors, keeping them informed on opportunities and events.
- Coordinated with Development Director daily to plan, develop and execute different events to help raise awareness and funds for the organization.
- Assisted in securing corporate and individual sponsors and auction items that helped raise over \$80,000 for our Annual Gala.
- Developed and maintained a Brick campaign to that helped solidify our relationships with our donors.
- Monitored attendance of guests for different cultivation events by entering them into our Activenet system.
- Consistently posted onto all of our social media accounts to help raise awareness of events, accomplishments and raise our follower base.

ConnectWise, Tampa, FL ***Project Coordinator*** **May 2014 – May 2016**

- Simultaneously managed projects that involved partnering with internal and external clientele to help increase project success.
- Led weekly status meetings to ensure the progress of all projects (including key milestones, risks/issues, trends, and dependencies) and resolve any issues that would prevent a project from moving forward.
- Collaborated with the Marketing and Human resources departments in the creation of social media campaigns to help recruit new employees.

- Facilitated as a SharePoint Power Manager for my team and created SharePoint Sites that helped promote teamwork thus ensuring project success.
- Met all budgets by proactively monitoring projects and adjusting resources and priorities accordingly.
- Maintained and administered project timelines to ensure that all tasks are completed on or before set deadline.
- Reviewed and analyzed different projects to see how a project impacts the organization to ensure project success and prevent duplication of efforts Under the Project management Office (PMO).
- Created Process documentation for the Finance department and ensured 100% accuracy.
- Assisted in establishing a Project Management Office (PMO) that boosted efficiency, cut costs by 10%, and improved project delivery Time by 20%.
- Networked with internal and external customer community to foster a positive and proactive approach to resource prioritization and deployment.

Catalina Marketing, St. Pete, FL

IT Intern

May 2013 – May 2014

- Provided 50+ administrative support requests for SharePoint users.
- Successfully led a team of 5 that remediated several data quality issues and prevented potential loss of revenue and documented the changes to prevent those issues from reoccurring.
- Utilized SharePoint to manage and updated documents on a daily basis.
- Developed technical writing of designs and campaigns that was beneficial in the completion and continued success of the company.
- Gathered internal project status on a weekly basis across the active projects to our team, and generated project reports.
- Maintained an agile work environment by applying (Scrum, Kanban, Safe) methods throughout the App development department.

MetLife, Tampa, FL
