Career Summary

Full-stack Web & Mobile Engineer with 10+ years of experience in React.js, Next.js, React Native, and AWS. Proven record leading engineering teams, scaling cloud-native apps, and delivering high-impact solutions across fintech, SaaS, and consumer products. AWS Solutions Architect & Developer certified.. Known for quickly mastering emerging technologies.

Technologies & Skills

- **Frontend:** React.js, Next.js, React Native, Expo, TailwindCSS
- **Backend:** Node.js, Express, NestJS, REST/GraphQL APIs
- **Cloud/DevOps:** AWS (SAA, CDA), CI/CD (GitHub Actions), Docker, Kubernetes
- **Databases:** MongoDB, PostgreSQL, Firebase, Supabase, DynamoDB
- **Leadership:** Agile/Scrum, cross-functional team management
- **Other Tools:** Web3 Dapps, Solidity, and Blockchain.

Professional Experience

Cecure Intelligence Ltd, Nov 2023 - September 2025

Head of Engineering

- Led engineering teams in delivering secure web and mobile applications, which improved project delivery timelines by 20% and fostered better cross-team collaboration.
- Boosted productivity by 30% through Agile practices & mentorship.
- Architected React/Next.js solutions with AWS backends.

House of Sounds Jan 2024 - Present

Chief Technology Officer (CTO)

- Defined and implemented product and engineering strategy for consumer-facing media products, significantly enhancing user engagement and increasing operational efficiency.
- Designed AWS-based architectures capable of supporting high traffic growth.

Studio234 Feb 2025 - Present

Co-Founder / Technical Lead

- Successfully led technical teams to deliver multiple client projects on time, enhancing technical solutions and significantly improving client satisfaction.
- Enhanced client operations and user engagement by building and deploying comprehensive web and mobile solutions using React, Next.js, and AWS.

Optimus AI Labs Oct 2024 - Present

Mobile App developer

- Developed the SmartMenu Apps using React Native and Expo, boosting customer satisfaction by improving user experience and speeding up the order process.
- Integrated secure APIs and optimized app performance for production release, resulting in a 40% increase in app speed and enhanced data protection.

Cecure Intelligence Ltd

May 21 - Nov 23

Lead Frontend Engineer

- Built high-performance apps in React & Next.js, improving load times by 40%.
- Standardized code quality via reviews and internal best practices.
- Initiated Research in Microfrontends and Blockchain/Web3 research

Education

- **European Univ of Lefke** M.Sc
Computer Engineering. **2019**
- **Univ. of Port Harcourt** B.Sc
Mathematics and Computer Science **2013**

Certifications

- **AWS Certified Solutions Architect – Associate:2023**
- **AWS Certified Developer – Associate:2024**
- **AWS Cloud Practitioner:2021**
- **Professional Scrum Master I:2022**
- **JavaScript & Python Entry-Level Certifications**

Publications

- Mastering Frontend Development with Next.js and TailwindCSS.(in progress).
