

PROFESSIONAL SUMMARY

Salesforce Developer and Administrator with over 3 years of experience in designing, developing, and optimizing Salesforce solutions. Proficient in Apex, Lightning Web Components (LWC), and integrations using REST/SOAP APIs. Skilled in automating business processes, data migration, and enhancing system performance to align with enterprise objectives. Configuring Salesforce platforms, including Sales Cloud and Service Cloud, while ensuring robust security and compliance. Strong cross-functional teams to develop scalable and user-friendly Salesforce solutions.

TECHNICAL SKILLS

- **Salesforce Development:** Apex, Visualforce, Lightning Web Components (LWC), SOQL, SOSL
 - **Salesforce Configuration:** Flows, Process Builder, Workflows, Validation Rules, Approval Processes, Record Types
 - **Integrations & APIs:** REST APIs, SOAP APIs, MuleSoft, Salesforce Connect, Data Loader, Workbench
 - **Salesforce Ecosystem:** Sales Cloud, Service Cloud, Marketing Cloud, Experience Cloud, Einstein Analytics
 - **Data Management:** Data Migration, Import Wizard, Schema Builder, Duplicate Management, Data Security
 - **Version Control & Collaboration:** Git, GitHub, Bitbucket, JIRA, Slack, Microsoft Teams
 - **Programming Languages:** Apex, JavaScript, HTML5, CSS3
 - **Testing & Debugging:** Apex Test Classes, Selenium, Postman
 - **Project Methodologies:** Agile (Scrum, Kanban), SDLC
-

PROFESSIONAL EXPERIENCE

Salesforce Developer
Dell Technologies

Sep 2021 – Jul 2023

- Developed and deployed Apex triggers and classes to automate data validation and enhance integration processes, processing over 500 transactions daily.
- Implemented Lightning Web Components (LWC) to streamline user experience, reducing manual efforts on 10+ repetitive tasks.
- Integrated external systems using REST APIs and Salesforce Connect, achieving a 30% improvement in data synchronization speed with third-party applications.
- Optimized SOQL queries within Apex code to enhance performance, reducing data retrieval time to under 5 seconds for large datasets.
- Customized Service Cloud for improved customer case management, implementing tailored workflows that reduced case resolution time by 25%.
- Led data migration initiatives, successfully transferring over 2 million records using Data Loader and Workbench with zero data loss.
- Implemented robust Role-Based Access Control (RBAC) strategies, securing data access for over 300 users while maintaining compliance.
- Collaborated with cross-functional teams using JIRA to define requirements and deploy scalable solutions, leading to a 15% increase in operational efficiency.
- Integrated Marketing Cloud with Sales Cloud, leveraging REST APIs and Marketing Cloud Connect to synchronize 100,000+ customer records, enhancing targeted campaign effectiveness.
- Designed multi-channel marketing automation workflows with Journey Builder, increasing engagement rates by 40% and reducing churn by 15%.

- Configured Salesforce automation tools, including Flows and Process Builder, optimizing business processes and saving 5+ hours weekly.
- Validation rules to enforce data integrity across 50,000+ records, ensuring accuracy and consistency.
- Managed user access and security by configuring profiles, roles, and permission sets, supporting 500+ users across multiple departments.
- Developed Service Cloud dashboards for real-time tracking of customer case metrics, improving SLA adherence by 20%.
- Performed large-scale data import and cleanup, processing over 100,000 records to maintain database quality.
- Monitored system health using Salesforce Debug Logs, setting up automated alerts that reduced system downtime by 35%.
- Conducted monthly end-user training sessions and created documentation, leading to a 30% increase in adoption of new Salesforce features.

EDUCATION

Master of Science in Management Information Systems

University of Illinois Springfield, Springfield, IL

Dec 2024

Bachelor of Technology in Electronics and Communication Engineering

Osmania University, Hyderabad, India

Jun 2021

CERTIFICATIONS

- Salesforce Certified Administrator
- Salesforce Certified Platform Developer
