Budget Officer and Branch Chief, AD-0560-14

Responsible for directing and managing the budget operations to include planning, formulation, execution, control and review of the appropriated accounts. Directly manage, oversee, and execute the PDS Salaries and Expenses (S&E) annual budget totaling approximately \$54 million.

Prepare technical and summary budget exhibits for inclusion in the annual OMB and President's Budget submissions.

Attend OMB budget review hearings and provide advice or assistance to top management officials/PDS leadership prior to and during the hearings. Advise CFO and management officials concerning organizational strategy for responding to OMB questions or requests for additional budget justifications or budget materials. Prepare responses, including additional tables or exhibits that may be required, to OMB budget hearing follow up questions.

Prepare, develop, and distribute the annual division and office level non-personnel operating budgets for all 15 PDS divisions and offices. Review and evaluate purchase requests submitted by divisions and program offices for availability of funds and appropriate supporting documentation. Certify funds availability for purchase requests.

Utilizes the Oracle Business Intelligence Enterprise Edition (OBIEE) platform to prepare weekly division and office level budget status of funds (SOF) reports that are automatically sent out to the division and office chiefs every Monday in order to facilitate improved transparency, planning, budget execution and program management at the division and office level by providing accurate, reliable, and timely financial management information.

Coordinate and work with division and office chiefs on an ongoing basis in order to ensure annual budgets are funded and allocated properly at the object class level.

Perform a wide range of analytical, technical, and advisory functions related to the end-to-end budget process. Maintains availability of funds and monitors fiscal year-end closing to ensure proper and full use of funding with no anti-deficiency act (ADA) violations.

Develop, manage, and utilize a system of administrative controls and budget/financial reports designed to monitor, check, and control the use of agency funds.

Enter appropriation, apportionment, and allotment level budget entries into Oracle Federal Financials (OFF) system throughout the fiscal year as required, based on appropriated funding provided by Congress.

Manage the centralized payroll projection model and update as appropriate based on employee new hires, departures, and transfers. Maintain and update payroll projections on a monthly basis.

Analyze financial and budget data from Oracle to confirm the propriety of obligations and expenditures. Identify irregularities and expertly identify and resolve issues.

Establish and maintain a variety of records and documents relating to budget execution. Evaluate and monitor resource allocations, obligations, expenditures, and financial status of the various PDS divisions, offices, and program areas.

Investigate abnormal or unusual deviations, issues, or problems. Recommends and implements solutions to problems and/or issues, as applicable.

Prepare monthly fiscal year-to-date (YTD) budget forecasts for presentation to the CFO and the PDS Director to assist in making informed strategic decisions.

Maintain and update list of enterprise-wide unfunded requirements or requests (UFR) for evaluation and possible allocation of budget funding throughout the fiscal year based on strategic or leadership priorities and funds availability.

Develop alternatives and recommendations to resolve key budget issues and areas of concern.

Serve as budget liaison between PDS and the Department of Interior Business Center (IBC) shared service accounting and financial services provider.

Reviews, coordinates, completes, and submits various annual federal interagency agreements (IAAs) for financial services, accounting, payroll, and federal protective services.

Enter prior year (PY), current year (CY), and budget year (BY) actuals and estimates into OMB's MAX database as part of the annual budget submission and justification process and prepares internal supporting schedules as part of the data entry process.

Provide budget documentation to support and respond to PDS annual financial statement audits.

Conducted three-day budget execution training for OBF staff in March 2021.

Conduct and lead periodic and mid-year non-personnel operating financial/budget reviews during the fiscal year with each of the PDS divisions and offices in conjunction with the CFO and the OBF team. Incorporate feedback, make necessary updates to division and office budgets, and/or provide financial advice or recommendations as necessary.

Prepare SF-132 Apportionment Requests to OMB for the PDS annual, multi-year, and no-year appropriations. Enter quarterly (Category A) funding into Oracle in accordance with the approved OMB apportionment request(s).

Supervise, assign work, evaluate, and provide technical guidance to one budget support contractor.

May 2013 – September 2020

U.S. Food and Drug Administration (FDA)

Lead Budget Analyst, GS-0560-14

Served as Co-Team Lead for the OB Division of Budget Formulation (DBF) Team. Led and supervised a team of four budget analysts. Oversaw and led the agency-wide budget formulation process resulting in the development of the Congressional Budget Justification (CJ).

Led the formulation, justification and consolidation of the annual FDA budget used for salaries and expenses (budget authority and user fees), totaling approximately \$6.0 billion, for submission to HHS (HHSJ), OMB (OMBJ), and Congress (CJ).

Skillfully managed the annual budget formulation and justification of the approx. \$1.4 billion Foods Program, Food Safety and FDA Headquarters (HQ) Program budgets for inclusion in FDA's HHS, OMB, and Congressional budget submissions. Analyzed complex budget, legislative, and policy guidance to identify and assess impact on Agency programs. Prepared various budget tables and exhibits for inclusion in budget submissions. Served as Project Manager of Cross-Functional FTE Reporting Workgroup as part of Budget Process Improvement Implementation (BPPI) Initiative, which led to improved and streamlined FTE reporting process. Utilized budget analysis principles, methods, and techniques to compile and analyze facts, data and information and to develop solutions and recommendations to address various budget related issues.

Assessed budget requests submitted by the FDA Foods program, HQ offices, and other center and program offices in order to determine accuracy and offered appropriate suggestions or provide recommendations to improve and strengthen submissions. Examined and assessed budget requests, estimates, and justifications for their completeness, future impact and conformity with budgetary policies/guidelines and make or recommend any needed changes. Reviewed all completed budget documents, supporting materials, and budget exhibits for accuracy, soundness and persuasive influence.

Provided technical assistance, support, and advice to agency budget staff, center and program staff, agency decision makers, and OB/FDA leadership as it related to budget formulation and resource planning.

Ensured continual communication with OB staff/management to maintain status awareness. Supported process improvement for activities such as FTE reporting and preparation of related budget justifications.

Represented budget office during interaction with other managers/program experts in obtaining resource/performance estimates and other relevant information. Effectively utilized email or written correspondence to present ideas, information, analysis, and positions, and expertly prepared consolidated budget justifications throughout fiscal year, as required by HHS/OMB/Congress, that complied with required timeframes and quality standards. During 2015 served four-month assignment with FDA Office of Budget (OB) Congressional Team to assist with multiple activities including preparation for FDA's FY2016 Congressional Appropriations Hearings. Reviewed and edited accuracy of congressional appropriations

hearing testimony and verified accuracy of budget numbers referenced therein, making edits as necessary.

Developed weekly FDA coronavirus (COVID-19) supplemental no-year appropriated funding Microsoft (MS) Excel budget templates in order to report and track the use of the supplemental funding on an ongoing basis to HHS and OMB. Developed and disseminated formal budget data calls and supplemental guidance to FDA center and office budget and program staff to provide guidance and information necessary for them to successfully report and track their supplemental funding and resources on a weekly basis. Prepared and consolidated individual center and office COVID-19 supplemental spend plans into an overall FDA-wide MS Excel submission to HHS and OMB.

Served as liaison on budget formulation and funding requests associated with the Health Care Fraud Abuse and Control Program (HCFAC). Interfaced collaboratively with program or subject matter experts from multiple FDA offices to coordinate, compile input and review budget year HCFAC Wedge Funding requests and submit for approval by HHS Secretary. Also worked with HCFAC operating division experts to gain input necessary to respond to HHS questions concerning FDA HCFAC Wedge Funding proposal submissions. Interfaced with HHS Budget Staff to address and resolve follow up questions. Reviewed GAO and Congressional-related HCFAC reports to ensure accuracy and that any necessary updates are made.

As a Co-Team Lead, planned, directed, coordinated, and reviewed the work of other DBF budget analysts in order to complete assignments and accomplish goals and objectives. Provided feedback, technical assistance, and/or guidance as necessary.

Oct 2018 – March 2019 (Detail)

Office of Management and Budget (OMB)

Health Division, Public Health Branch (PHB)

Washington, DC

Hours Worked per Week: 40

Annual Salary: \$137,508

Supervisor: Marc Garufi Phone: 202-395-7787 May Contact? Yes

Program Examiner (Detailee)

Conducted review of NIH FY 2020 Congressional Budget Justifications (CJs) for completeness, accuracy, and adherence to the policies and priorities of the President.

Reviewed and approved agency reorganization proposals for NIH.

Reviewed, approved, and processed FY 2019 NIH apportionment or reapportionment requests for multiple institutes and centers.

Drafted and provided input on NIH passback memo for FY 2020 President's Budget submission. Reviewed and analyzed NIH specific general provisions (GPs) from FY 2019 Labor-HHS (LHHS) appropriations act and provided resource management office (RMO) recommendations regarding proposed inclusion or exclusion or alternatively proposed edits to GP language for FY 2020 President's Budget submission.

Briefed PHB Branch Chief and Deputy Associate Director (DAD) regarding proposed GP recommendations.

Reviewed and analyzed draft NIH appropriations language to be included in FY 2020 President's Budget and flagged language for additional follow up and that needed to be raised to DAD for resolution after briefing Branch Chief.

Reviewed semi-annual Ebola Emergency Funding Obligations Summary Report to Congress (RTC) prepared by HHS.

Provided feedback and edits regarding suggested changes to the RTC summary of budget resources table and inconsistencies that needed to be addressed prior to providing final OMB clearance.

Served as co-lead to draft FY 2020 NIH pediatric cancer research initiative proposal and funding recommendations. Drafted NIH entry and justification for Major Savings and Reform FY 2020 Budget Volume (MSV).

October 2016 – March 2017

President's Management Council (PMC) Interagency Rotational Program

U.S. Customs and Border Protection (CBP)

Washington, DC

Hours Worked per Week: 40

Annual Salary: \$130,692

Supervisor: Cortne Sherwood

Phone: 202-520-3879

Special Assistant to the Director, National Capital Region Center (NCRC), Office of Facilities and Asset Management (OFAM), Facilities Management and Engineering (FM&E), Mission Support Facilities (MSF) Program Management Office, GS-14

Expertly facilitated NCRC Town Hall events in November 2016 and February 2017. Worked with CBP/MSF/NCRC leadership to develop town hall agenda and coordinate with SMEs to develop topics of interest and presentation materials providing overview of FM&E/MSF project management policies/procedures to inform project managers (PMs) on current processes. Consolidated information and developed MS PowerPoint presentations for use in Town Hall presentations. Met with NCRC Director to review presentations and concerning final edits/approval.

Developed NCRC Customer Service Page FAQs and NCRC/MSF SharePoint web page updates, adjusting MS Excel submission format to accommodate FM&E Director's feedback and increase information accessibility for business partners. Submitted FAQs and responses to FM&E leadership to support development of a new and revamped customer service website.

August 2009 – May 2013

U.S. Food and Drug Administration (FDA)

Office of Regulatory Affairs (ORA)

Silver Spring, MD

Hours Worked per Week: 40

Annual Salary: \$115,731

Supervisor: Lynnette Riggio

Phone: 240-402-8540

Program Analyst (Budget Formulation), GS-343-13/14

Developed ORA budget requests and worked with all FDA Centers/Offices in order to develop/formulate programmatic and operational budgets to be included in FDA's overall budget submissions to HHS, OMB, and Congress. As a Senior Analyst held comprehensive responsibilities for maintaining information concerning budget proposals for new programs/regulations/legislation affecting the organization, and was charged with performing an array of high-level, analytical activities. Managed or performed various quantitative and scenario analyses based on budget projections related to strategic initiative proposals.

Provided consultative advice to senior management regarding analyses-based modifications, with recommendations for allocating funds consistent with Administration policy/Congressional requirements. Prepared, or worked in conjunction with SMEs to prepare, ORA responses to various requests/inquiries from Congress, OMB, Government Accountability Office (GAO) and HHS, continually ensuring that responses accurately reflected agency and/or office policy.

Oversaw the preparation of budgets for current and out year funding for multiple initiatives and/or programs. Ensured funding plans submitted by ORA program managers aligned with appropriations law and policies/procedures of OMB and HHS. Assessed budget requests submitted by ORA component offices to ensure financial viability, feasibility, consistency, accuracy, and adherence to budget guidance.

Worked closely with ORA SMEs/PMs to negotiate any changes in budget submission materials. Developed background documentation to support projected funding requirements and assisted in preparation of ORA budget justification supporting Office/Agency needs. Selected to represent ORA at Office of the Commissioner (OC)/Center/ORA budget formulation meetings and on various Agency-wide committees. Analyzed multiple ORA funding requests and ensured that requests aligned with budget/program decisions based on Congressional or FDA Budget Office requirements. Participated in negotiations and discussions with FDA Office of Budget concerning requested ORA budget increases.

Served on detail as Acting Budget Formulation Supervisor on a rotating basis between January to April 2013, with temporary promotion to GS-15.

During 2011 and 2012 was often tasked to serve as Acting Director, Strategic Projects Staff (SPS) in ORA Office of Resource Management (ORM), during Director's absence, and successfully directed ORA FY2013 Congressional Budget Justification (CJ) submission.
