5757 Ravenspur Drive Apt. 9 | [rickitt23@gmail.com](mailto:rickitt23@gmail.com) | 424-946-0002 | <https://www.linkedin.com/in/richard-dimassa-89a11b95>

### Professional Summary

Results-driven cybersecurity professional with expertise in information security, network defense, and risk management. Experienced in penetration testing, ethical hacking, digital forensics, and blockchain security. Proven ability to assess vulnerabilities, mitigate cyber threats, and ensure compliance with industry standards. Skilled in IT security operations, cybersecurity automation, and cryptocurrency security. Holds multiple certifications, including Google Cybersecurity, Network Defense Essentials (NDE), Ethical Hacking Essentials (EHE), and Digital Forensics Essentials (DFE). Passionate about safeguarding digital assets, optimizing security frameworks, and leveraging blockchain technology for secure transactions. Experienced consultant in cryptocurrency trading, blockchain development, and NFT distribution. Adept at providing technical solutions in both corporate and freelance environments.

### Skills & Expertise

- Network Defense Essentials (NDE)
- Connect and Protect: Networks and Network Security
- Sound the Alarm: Detection and Response
- Cybersecurity Attack and Defense Fundamentals
- Ethical Hacking Essentials (EHE)
- IT Security: Defense Against the Digital Dark Arts
- Strong Analytical & Problem-Solving Skills

### Certifications

- Foundations of Cybersecurity
- Google Cybersecurity
- Cybersecurity Attack and Defense Fundamentals
- Play It Safe: Manage Security Risks
- Assets, Threats, and Vulnerabilities
- Security Compliance & Risk Management Courses
- Network Defense Essentials (NDE)
- Execution, Persistence, Privilege Escalation, and Evasion
- IT Security: Defense Against the Digital Dark Arts

- Ethical Hacking Essentials (EHE)
- Digital Forensics Essentials (DFE)
- Sound the Alarm: Detection and Response
- Penetration Testing-Related Topics Covered
- Automate Cybersecurity Tasks with Python
- Connect and Protect: Networks and Network Security

## Education

### **Moralis Academy**

Certification in Bitcoin & Blockchain (Feb 2022 - Aug 2022) | GPA: 3.8

Key Topics: Bitcoin & Blockchain principles, learning protocols, hashing, cryptos, forks

### **San Diego State University**

Associate of Science (AS) in Cyber/Computer Forensics and Counterterrorism (Jul 2020 - Mar 2022) | GPA: 3.8

Additional Certification: Cybersecurity Certification

### **ITT Technical Institute**

Associate of Science (AS) in Electrical and Electronics Engineering (Sep 2013 - Dec 2014) | GPA: 3.4

Additional Certification: Electrical Engineering Technology Certification

### **Southern California Regional Occupational Center**

Diploma in Administration of Criminal Justice (May 2007 - Jun 2008) | GPA: 3.2

Focus: Enforcement of code and conduct, law administration

### **North High School**

High School Diploma in General Studies (Sep 2004 - Jun 2008) | GPA: 3.5 Activities:

Junior Recruit of the Core

### **Southern California Regional Occupational Center**

Certification in Banking and Financial Support Services (Jun 2006 - Jun 2007) | GPA: 3.6

Additional Certification: Banking/Teller Procedures Certification

## Professional Experience

### **Game Developer | ArtStation | Freelance | Apr 2024 - Present**

United States | On-site

Skills: Blockchain, Game Development, Video Games

### **Consultant | Trust Wallet | Full-time | Jan 2022 - Present United**

States

### **Independent Consultant | CoinW Exchange | Contract | May 2022 - Present Dubai,**

United Arab Emirates

### **Cryptocurrency Trader | Crypto.com | Full-time | Nov 2017 - Present United**

States

**CEO & Founder | GODSOURCEGLOBAL | Self-employed | Oct 2017 - Present**

United States

Distributor of NFTs on the Polygon Blockchain

**Cashier | Office Depot | Part-time | Nov 2011 - Nov 2014**

United States

Cybersecurity & IT Responsibilities

- Conducted vulnerability assessments and penetration testing to identify and mitigate security risks.
- Monitored network activity and security logs to detect and respond to potential threats in real time.
- Assisted clients with IT security solutions, troubleshooting hardware/software issues, and ensuring compliance with cybersecurity best practices.
- Developed security protocols, risk management strategies, and blockchain-based solutions for secure digital transactions.
- Ensured adherence to industry standards and regulatory requirements for cybersecurity, data protection, and risk management.
- Managed security operations, risk assessments, and IT infrastructure to enhance cybersecurity resilience.
- Assisted organizations and clients in implementing security frameworks, mitigating cyber threats, and optimizing IT security strategies.
- Supported IT initiatives by providing technical expertise in network defense, penetration testing, and digital forensics.

Work History

**Delivery/Driver | Uber | Los Angeles, CA | Aug 2018 - Current**

- Picking up passengers
- Transporting clients between locations
- Ensuring safe driving, communication, time management, and customer service

**Sales/IT Specialist | Office Depot | Torrance, CA | Dec 2011 - Mar 2012**

- Provided technical assistance to computer system users
- Resolved computer problems for clients in person
- Assisted with computer hardware/software issues, printing, installation, word processing, email, and operating systems

Projects

- Developed blockchain security solutions and NFT distribution platforms on the Polygon Blockchain • Led cybersecurity risk management initiatives for cryptocurrency exchanges

Professional Affiliations

- Member of cybersecurity and blockchain communities focused on ethical hacking, digital forensics, and decentralized finance (DeFi) security
-
